1/ Annual wages have been calculated by multiplying the hourly wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

2/ Hourly wage rates for occupations where workers typically work fewer than 2,080 hours per year are not available.

4/ Estimates not released due to high relative standard error.

1/ Annual wages have been calculated by multiplying the hourly wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

2/ Hourly wage rates for occupations where workers typically work fewer than 2,080 hours per year are not available.

4/ Estimates not released due to high relative standard error.
