2013

A USEFUL RESOURCE

Charting us in the right direction

Guam is changing in so many ways – each and every day. New businesses open their doors to bring better services to Guamanians. More people arrive each year, ready to visit our Pacific paradise, while more come to our shores looking forward to calling Guam 'home'.

Understanding these changes is key to our ability to plan for a sustainable future. Through the BSP Statistical Yearbook, this is exactly what we are able to do for all Guamanians.

The commitment of the hardworking men and women of BSP is helping to map Guam's progress. Their studies allow us to focus on areas of concern so that we may identify the strategies needed to improve your quality of life.

Congratulations to the Bureau of Statistics and Plans on the successful completion of the 2012 Statistical Yearbook. Your work is an important resource for all those who wish to contribute to Guam's progress.

Un Dangkolo Na Si Yu'os Ma'ase for your commitment to Guam,

EDDIE BAZA CALVO **RAY TENORIO**

Director

Message from the Director

Hafa Adai todos hamyu!

As the Bureau of Statistics and Plans (BSP) remains committed in providing you a comprehensive outlook of our island, we are pleased to present the Guam Statistical Yearbook for 2012. From policy makers to employers and from researchers to students, all readers will find historical, social, and economic information reflecting the island's development and performance over time in this one sourcebook. Readers will have access to a wide range of statistics including Guam's population, consumer price index, labor force, social welfare, tourist industry, and land use activities to name a few. Also, we are pleased to provide detailed demographic characteristics on our villages regarding population, households and income.

As our island continues to prosper and adapt with the changing times, the Guam Statistical Yearbook continues to serve as a valuable resource tool in providing timely and relevant information needed to promote our economy, provide for the welfare of our community, and set goals to service the people of Guam and generations to follow.

On behalf of BSP, I would like to express Dangkulo Na Si Yu'os Ma'åse' to the many government agencies and organizations for their efforts in contributing to this annual publication. Likewise, I applaud the employees of BSP for their continued dedication and hard work in data collection and data dissemination that will help make informed decisions for our island and our associations regionally, nationally and internationally to better serve all our Guamanians.

Respectfully,

LORILEE T. CRISOSTOMO
Director

2012 Guam Statistical Yearbook

Guam village profile

Munincipality of Agaña Heights

Mayor Paul McDonald

Agaña Heights is located in the central part of the island. It is part of the Luchan (Western) District and has a land area of 1.03 square miles. The village derives its name from two words "Tutuhon luhan". "Tutuhon luhan" means someone who becomes scared because of impending doom or is terrified about something. Agaña Heights was a ranchland long ago and those who ranched in this area were villagers from Hagåtña. It was said that there were no trails on Agaña Heights and the only access was for ranchers to climb the steep cliffs along the perimeter of the village. The only way to get to and from Agaña Heights was through steep cliffs and often ranchers stood at the top of the cliff and surveyed the long climb down and as they did, they would experience a fear as they contemplated the precariousness of the situation.

Population

- In 2010, Guam had a total population of 159,358. Approximately 2.4% (or 3,808 persons) of Guam's total population resided in the village of Agaña Heights. Agaña Heights' population decreased 3.4% from 3,904 persons in 2000 to 3,808 persons in 2010. The median age of Agaña Heights' population grew slightly from 28.1 years in 2000 to 30.8 years in 2010.

- In 2010, there were 2,634 persons aged 18 years and over comprised of 1,309 males and 1,325 females. The Census results showed persons 18 years and over remained about the same between 2000 and 2010.

- Of the total number of people residing in Agaña Heights, 33.9% or 1,291 of the population are children. About 295 are children under 5 years old; 320 are children between the ages 5-9 years old; 361children are between 10-14 years; and 315 are between the ages 15-19 years.

- The 2010 Guam Census results showed Agaña Heights' cultural mix of Chamorros (68.3%); Freely Associated States (9.3%); Filipinos (8.2%); Other Asian (2.0%); White (6.8%); Black (0.8%); and other single or multi-ethnic group (4.4%).

- In 2010, about 82.9 percent of Agaña Heights residents 25 years of age and over were high school graduates with 20.3 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over rose slightly from 1,747 persons in 2000 to 1,749 persons in 2010. Persons in the armed forces in 2010 made up 6 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 9.8% to 7.0% respectively.

- Of the projected population for Agaña Heights in 2013, approximately 1,941 are males and 1,891 are females. By 2020, the Agana Heights population will reach 2,037 males and 1,985 females.

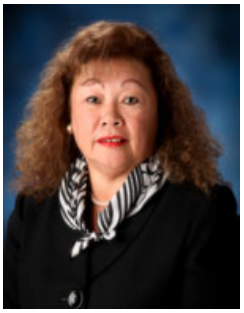
Households and Income

- In 2010, there were 1,096 households in Agaña Heights of which there were 850 family households. The average household size dropped from 3.65 persons in 2000 to 3.42 persons in 2010. The median household income increased 8.5% between 2000 and 2010. In 2010, the per capita income was reported at $19,276, up 22% from 2000.

- Of the 1,096 households surveyed in 2010 in Agaña Heights, 956 households reported a mean earnings of $60,101; 206 with Social Security Income (mean income $10,725); 146 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $5,503); and 278 with Retirement Income (mean income $28,860).

- Approximately 131 families, or 15.4% of the total families, in Agaña Heights were living below poverty level in 2009. Of this total, 73 families had a female as head of household with no husband present. Of the 73 families, 64 had related children less than 18 years of age and 32 had related children less than 5 years of age.

Municipality of Agat (Hagåt)



Mayor Carol S. Tayama

Agat (Hagåt) village is located on the southwestern side of the island, with a land area of 10.33 square miles. This area is part of the Haya (Southern) District. Old Agat was built between 1680 and 1684 and was designed by the ruthless Spanish Governor Don Jose Quiroga as a settlement for rebellious islanders whose homes were destroyed. In July 1944, the village of Old Agat was totally destroyed by the American invasion. After the war, new Agat sprang up in a location further south and is one of the villages in the south that is now experiencing development and commerce.

Population

- In 2010, Guam had a total population of 159,358. Approximately 3.1% (or 4,917 persons) of Guam's total population resided in the village of Agat. Agat's total population decreased 13.1% from 5,656 persons in 2000 to 4,917 persons in 2010. The median age of Agat's population increased from 25.3 years in 2000 to 30.0 years in 2010.

- In 2010, there were 3,232 persons aged 18 years and over comprised of 1,612 males and 1,620 females. The Census results showed a decrease of 6.2% of persons 18 years and over in Agat between 2000 and 2010.

- Of the total number of people residing in Agat, about 466 are children under 5 years old; 459 are children between the ages 5-9 years; 482 children are between 10-14 years; and 453 are between the ages 15-19 years.

- The 2010 Guam Census results showed Agat's cultural mix of Chamorros (62.7%); Freely Associated States (6.8%); Filipinos (22.4%); Other Asian (1.3%); White (2.9%); Black (0.7%); and other single or multi-ethnic group (2.7%).

- In 2010, about 76.7 percent of Agat residents 25 years of age and over were high school graduates with 15.6 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over dropped 6.6 percent from 2,082 persons in 2000 to 1,945 persons in 2010. Persons in the armed forces in 2010 made up 3.6 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 17.0% to 13.7% respectively.

- Of the projected population for Agat in 2013, approximately 2,507 are males and 2,441 are females. By 2020, the Agat population is expected to reach 2,631 males and 2,563 females.

Households and Income

- In 2010, there were 1,259 households in Agat of which there were 1,066 family households. The average household size dropped from 4.34 persons in 2000 to 3.82 persons in 2010. The median household income increased 20.8% between 2000 and 2010. In 2010, the per capita income was reported at $14,749, up 41% from 2000.

- Of the 1,259 households surveyed in Agat, 1,048 households reported a mean earning income of $51,932; 285 with Social Security Income reported a (mean income $10,191); 246 with Public Assistance Income including Supplemental Security Income (SSI) with a (mean income $6,354); and 344 with Retirement Income (mean income $24,985).

- Approximately 244 families, or 22.9% of the total families, in Agat were living below poverty level in 2009. Of this total, 122 families had female as head of household with no husband present. Of the 122 families, 99 had related children less than 18 years of age and 54 had related children less than 5 years of age.

Munincipality of Asan - Maina
(Assan/Ma'Ina)

Mayor Joana Margaret Blas

Asan (Hassan) and Maina are located in the southern-central side of the island with a land area of 5.69 square miles. This area is part of the Luchan (Western) District. This village derives its name from the word "hassan". "Hassan" means scarce or rare. The word "ma'ina" refers to the other village that makes up this district together with Asan. Hunters hunted by the light of a torch and also saw what they caught by the light of the same torch. Another meaning of the word "ma'ina" deals with an infant who between the times of his birth to his baptism is taken by his mother to a church mass before sunrise; this ritual considered the presentation of the child to the temple or church.

Population

- In 2010, Guam had a population of 159,358. Approximately 1.3% (or 2,137 persons) of Guam's total population resided in the village of Asan-Maina. Asan-Maina's population increased to 2.2% from 2,090 in 2000 to 2,137 persons in 2010. The median age of Asan-Maina's population increased from 28.9 years in 2000 to 30.9 years in 2010.

- In 2010, there were 1,458 persons aged 18 years and over comprised of 721 males and 737 females. The Census results showed an increase of 9% of persons 18 years and over in Asan-Maina between 2000 and 2010.

- Of the total number of people residing in Asan-Maina, about 197 are children under 5 years old; 188 are children between the ages 5-9 years; 177 children are between 10-14 years; and 182 are between 15-19 years.

- The 2010 Guam Census results showed Asan-Maina's cultural mix of Chamorros (67.7%); Freely Associated States (5.6%); Filipinos (7.0%); Other Asian (2.0%); White (11.7%); Black (0.3%); and other single or multi-ethnic group (5.7%).

- In 2010, about 83.3 percent of Asan-Maina residents 25 years of age and over were high school graduates and 22.9 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over rose 11.5 percent from 864 persons in 2000 to 963 persons in 2010. Persons in the armed forces in 2010 made up 5.4 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 9.6% to 7.8% respectively.

- Of the projected population for Asan-Maina in 2013 approximately 1,091 are males and 1,060 are females. By 2020, the Asan-Maina population will reach 1,145 males and 1,112 females.

Households and Income

- In 2010, there were 639 households in Asan-Maina of which there were 495 family households. The average household size in Asan-Maina dropped from 3.78 persons in 2000 to 3.34 persons in 2010. The median household income increased 16.4% between 2000 and 2010. In 2010, the per capita income was reported at $21,626, up 31% from 2000.

- Of the 639 households surveyed in 2010 in Asan-Maina, 567 households reported a mean earning of $64,073; 112 with Social Security Income (mean income $10,704); 85 with Public Assistance Income and Supplemental Security Income (SSI) with a (mean income $3,979); and 148 with Retirement Income (mean income $26,535).

- Approximately 72 families, or 14.5% of total families, in Asan-Maina were living below poverty in 2009. Of this total, 31 families had a female as head of household with no husband present. Of the 31 families, 30 had related children under 18 years of age and 20 had related children under 5 years of age.

Munincipality of Barrigada

Mayor June U. Blas

The village of Barrigada is located in the northeastern part of the island with a land area of 8.50 square miles. It is part of the Kattan (Eastern) District. Barrigada owes its name to a Chamorro legend. When the god Puntan was about to die, he instructed his sister Funa how to dispose of his body. He said that his eyes were to become the sun and the moon; his eyebrows, the rainbow; his breast, the sky and his back, the earth. Barrigada means "flank". Looking down from atop of Mt. Santa Rosa, the island resembles a man lying on his back with his flank being the most noticeable.

Vice Mayor Jessie Bautista

Population

- In 2010, Guam had a population of 159,358. Approximately 5.6% (or 8,875 persons) of Guam's total population resided in the village of Barrigada. Barrigada's population increased 2.6% from 8,652 persons in 2000 to 8,875 persons in 2010. The median age of Barrigada's population rose from 28.3 years in 2000 to 32.0 years in 2010.

- In 2010, there were 6,037 persons aged 18 years and over comprised of 3,000 males and 3,037 females. The Census results showed an increase of 7.8% of persons 18 years and over in Barrigada between 2000 and 2010.

- Of the total number of people residing in Barrigada 35.3% or 3,133 of the population are children. About 736 are children under 5 years old; 754 are children between the ages 5-9 years; 831 children are between 10-14 years; and 812 are between the ages 15-19 years.

- The 2010 Guam Census results showed Barrigada's cultural mix of Chamorros (54.5%); Freely Associated States (8.8%); Filipinos (18.9%); Other Asian (6.7%); White (6.0%); Black (0.3%); and other single or multi-ethnic group (4.8%).

- In 2010, about 82.2 percent of Barrigada residents 25 years of age and over were high school graduates with 22.9 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over increased 7.4 percent from 3,692 persons in 2000 to 3,967 persons in 2010. Persons in the armed forces in 2010 made up 3.3 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 10.8% to 6.6% respectively.

- Of the projected population for Barrigada in 2013, approximately 4,504 are males and 4,428 are females. By 2020, the Barrigada population will reach 4,727 males and 4,647 females.

Households and Income

- In 2010, there were 2,253 households in Barrigada of which there were 1,922 family households. The average household size in Barrigada dropped from 4.0 persons in 2000 to 3.8 persons in 2010. The median household income increased 20.7% between 2000 and 2010. In 2010, the per capita income was reported for $19,279, up 26.8% from 2000.

- Of the 2,253 households surveyed in 2010 Barrigada, 1,985 households reported a mean earning income in 2009 of $67,248; 445 with Social Security Income (mean income of $10,959); 272 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $7,184); and 497 with Retirement Income (mean income $28,622).

- Approximately 304 families, or 15.8% of the total families, in Barrigada were living below poverty level in 2009. Of this total, 158 families had a female as head of household with no husband present. Of the 158 families, 141 had related children under 18 years of age and 79 had related children under 5 years of age.

Munincipality of Chalan Pago-Ordot
(Chalan Pagu/Otdot)

Mayor Jessy C. Gogue

Chalan Pago-Ordot village is located in the eastern-central part of the island and has a land area of 5.67 square miles. It is part of the Kattan (Eastern) District. The word "chalan" makes up the first part of this village name. "Chalan" means road or street and in the olden days, paths or trails. The word "pago" makes up the second part of this village name. "Pago" is the wild hibiscus tree that grows in abundance in this area. "Ordot" means ants. Both ants and hibiscus trees can be found in abundance throughout this beautiful village.

Households and Income

- In 2010, there were 1,852 households in Chalan Pago-Ordot of which there were 1,535 family households. The average household size in Chalan Pago-Ordot dropped from 3.72 persons in 2000 to 3.64 persons in 2010. The median household income rose 54.6% between 2000 and 2010. In 2010, the per capita income was reported at $17,882, up 37% from 2000.

- Of the 1,852 households surveyed in 2010 in Chalan Pago-Ordot, 1,647 households reported a mean earning income in 2009 of $59,696; 314 with Social Security Income (mean income $10,141); 235 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $5,283); and 422 with Retirement Income (mean income $25,562).

- Approximately 251 families, or 16.4% of the total families, in Chalan Pago-Ordot were living below poverty level in 2009. Of this total, 118 families had a female as head of household with no husband present. Of the 118 families, 99 had related children under 18 years of age and 52 had related children under 5 years of age.

Munincipality of Dededo
(Dededu)

Mayor Melissa Savares

Dededo is located at the north-central part of the island where most of the population of Guam presently centers. It encompasses a land area of 30.52 square miles. The word Dededo comes from a system measurement using the fingers in which each finger signifies an inch. So as one measures "one inch, two inches, three inches" the name Dededo was derived the measurement of two fingers indicating two inches. There is another word that could possibly give this village its name. The word "dedeggo" means a person who walks on tiptoes so as not to wake up those who are sleeping. It is not clear whether Dededo got its name because someone long ago measured the place with his/her fingers or people habitually walked on tiptoes.

- The Civilian Labor Force population for persons 16 years of age and over increased 7 percent from 18,494 persons in 2000 to 19,768 persons in 2010. Persons in the armed forces in 2010 made up 3.4% of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 12.0% to 8.4% respectively.

- Of the projected population for Dededo in 2013, approximately 22,630 are males and 22,601 are females. By 2020, the Dededo population will reach 23,751 males and 23,720 females.

Households and Income

- In 2010, there were 11,028 households in Dededo of which there were 9,595 family households. The average household size in Dededo dropped from 4.26 persons in 2000 to 4.03 persons in 2010. The median household income increased 16.6% between 2000 and 2010. In 2010, the per capita income was reported at $13,550, up 25.6% from 2000.

- Of the 11,028 households surveyed in 2010 Census in Dededo, 9,803 households reported a mean earning income in 2009 of $51,580; 2,283 with Social Security Income (mean income $10,103); 1,680 with Public Assistance income including Supplemental Security Income (SSI) (mean income $6,470); and 1,593 with Retirement Income (mean income $21,491).

- Approximately 2,046 families, or 21.3% of the total families, in Dededo were living below poverty level in 2009. Of this total, 848 families had a female as a head of household with no husband present. Of the 848 families, 776 had related children under 18 years of age and 410 had related children under 5 years of age.

Munincipality of Hagåtña

Mayor John Cruz

Hagåtña is the capital of Guam and part of the Luchan (Western) District. It is located in the center of the island and has a land area of 0.95 square miles. The village derives its name from the word "haga". "Haga" means blood and that this village came about due to the bloodlines of families and relatives that helped establish this village. Hagåtña became a village when the Spaniards decided that this area be the capital of the island. Hagåtña is where you find places named after the saints, as the city is also the seat of the island's religion – Catholicism. The three branches of government: Judicial, Legislative and Executive are all located in Hagåtña. Also, it is the center of all commercial activities with legal offices, banks, department/variety stores, insurance, technical and professional services and recreation facilities.

Population

- In 2010, Guam had a total population of 159,358. About 1% (or 1,051 person) of Guam's total population resided in the village of Hagåtña. Hagåtña's population decreased 4.5% from 1,100 persons in 2000 to 1,051 persons in 2010. The median age of Hagåtña's population jumped from 31.8 years in 2000 to 33.6 years in 2010.

- In 2010, there were 798 persons aged 18 years and over comprised of 499 males and 299 females. The Census results showed a decrease of 7.3% of persons 18 years and over in Hagåtña between 2000 and 2010.

- Of this total number of people residing in Hagåtña, about 80 are children under 5 years old; 71 are children between the ages 5-9 years; 65 children are between 10-14 years; and 61 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Hagåtña's cultural mix of Chamorros (47.9%); Freely Associated States (21.9%); Filipinos (11%); Other Asian (8.7%); White (3.8%); Black (0.5%); and other single or multi-ethnic group (6.2%).

- In 2010, about 71.4 percent of Hagåtña residents 25 years of age and over were high school graduates with 15.2 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over decreased slightly from 449 persons in 2000 to 447 in 2010. Persons in the armed forces in 2010 made up about 1 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 15.8% to 9.6% respectively.

- Of the projected population for Hagåtña in 2013, approximately 629 are males and 429 are females. By 2020, the Hagåtña population will reach 660 males and 450 females.

Households and Income

- In 2010, there were 286 households in Hagåtña of which there were 192 family households. The average household size in Hagåtña dropped from 3.07 persons in 2000 to 2.87 persons in 2010. The median household income increased 19% between 2000 and 2010. In 2010, the per capita income was reported at $16,093, up 39.8% from 2000.

- Of the 286 households surveyed in 2010 in Hagåtña, 250 households reported a mean earning income in 2009 of $47,028; 40 with Social Security Income (mean income of $11,618); 45 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $4,871); and 43 with Retirement Income (mean income $31,907).

- Approximately 47 families, or 24.5% of the total families, in Hagåtña were living below poverty level in 2009. Of this total, 17 families had a female as head of household with no husband present. Of the 17 families, 17 had related children under 18 years of age and 12 had related children under 5 years of age.

Munincipality of Inarajan
(Inalåhan)

Mayor Doris Lujan

The village of Inarajan is located on the southeastern side of the island with a land area of 18.74 square miles and is part of the Haya (Southern) District. This village derives its name from the word "Halla". "Halla" means to pull something or move something with a rope tied to it. Another word that may give meaning to the village name is the word "ala". This word refers to a kind of large woven coconut basket used for storage of fish or vegetables.

- In 2010m Guam had a population of 159,358. Approximately 1.4% (or 2,273 persons) of Guam's total population resided in the village of Inarajan. Inarajan's population decreased 25.5% from 3,052 persons in 2000 to 2,273 persons in 2010. The median age of Inarajan population's rose from 23.5 years in 2000 to 27.4 years in 2010.

- In 2010, there were 1,467 persons aged 18 years and over comprised of 744 males and 723 females. The Census results showed a decrease of 18.6% of persons 18 years and over in Inarajan between 2000 and 2010.

- Of the total number of peoples residing in Inarajan, about 210 are children under 5 years old; 191 are children between the ages 5-9 years; 242 children are between 10-14 years; and 258 are between the ages 15-19 years.

- The 2010 Guam Census results showed Inarajan's cultural mix of Chamorros (87.1%); Freely Associated States (3.3%); Filipinos (3%); Other Asian (1.1%); White (3.8%); Black (0.1%); and other single or multi-ethnic group (1.5%).

- In 2010, about 78.5 percent of Inarajan residents 25 years of age and over were high school graduates with 11.8 percent hold a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over in Inarajan decreased 12.6 percent from 1,080 persons in 2000 to 944 persons in 2010. Persons in the armed forces in 2010 made up 1.8 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 16.5% to 7.9% respectively.

- Of the projected population for Inarajan in 2013, approximately 1,137 are males and 1,151 are females. By 2020, the Inarajan population will reach 1,194 males and 1,207 females.

Households and Income

- In 2010, there were 534 households in Inarajan of which there were 477 family households. The average household size in Inarajan dropped from 4.71 persons in 2000 to 4.26 persons in 2010. The median household income increased 31.6% between 2000 and 2010. In 2010, the per capita income was reported at $15,816, up 44.3% from 2000.

- Of the 534 households surveyed in 2010 in Inarajan, 469 households reported a mean earning income of $57,403; 96 with Social Security Income (mean income $8,888); 95 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $7,344); and 163 with Retirement Income (mean income $30,594).

- Approximately 70 families, or 14.7% of the total families, in Inarajan were living below the poverty level in 2009. Of this total, 30 families had a female as head of household with no husband present. Of the 30 families, 30 had related children under 18 years of age and 17 had related children under 5 years of age.

Munincipality of Mangilao

Mayor Nonito Blas

The village of Mangilao is located in the eastern part of the island with a land area of 10.19 square miles and is part of the Kattan (Eastern) District. This village derives its name from the word "ilao". "Ilao" means to look for something or to search for something. Hunters or fishermen went to this area to fish or search for crabs, deer or wild pigs. Mangilao is the center of higher education on Guam with both the University of Guam and the Guam Community College located in this village. Rapid development in Mangilao has made it quite populated, as it is now the home of many Micronesian islanders who have chosen to migrate to Guam. The island prison facilities for juvenile offenders and convicted criminals are located here as well as the Government of Guam's Agricultural station and the experimental station for seafood harvesting.

Population

- In 2010, Guam had a total population of 159,358. Approximately 9.5% (or 15,191 persons) of Guam's total population resided in the village of Mangilao. Mangilao's population increased 14.1% from 13,313 persons in 2000 to 15,191 persons in 2010. The median age of Mangilao's population increased from 27.4 years in 2000 to 28.0 years in 2010.

- In 2010, there were 10,180 persons aged 18 years and over comprised of 5,223 males and 4,957 females. The Census results showed an increase of 16.4% of persons 18 years and over in Mangilao between 2000 and 2010.

- Of the total number of people residing in Mangilao, about 1,357 are children under 5 years old; 1,336 are children between the ages 5-9 years; 1,431 children are between 10-14 years; and 1,468 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Mangilao's cultural mix of Chamorros (49.4%); Freely Associated States (16.2%); Filipinos (19.8%); Other Asian (4.3%); White (5.1%); Black (0.9%); and other single or multi-ethnic group (4.3%).

- In 2010, about 79.4 percent of Mangilao residents 25 years of age and over were high school graduates with 19.6 percent holding a bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over rose 20 percent from 5,466 persons in 2000 to 6,547 persons in 2010. Persons in the armed forces in 2010 made up 4.9 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 11.3% to 9.3% respectively.

- Of the projected population for Mangilao in 2013, approximately 7,897 are males and 7,391 are females. By 2020, the Mangilao population will reach 8,289 males and 7,757 females.

Households and Income

- In 2010, there were 3,874 households in Mangilao of which there were 3,191 family households. The average household size in Mangilao dropped from 3.91 persons in 2000 to 3.72 persons in 2010. The median household income increased 23.5% between 2000 and 2010. In 2010, the per capita income was reported at $15,580, up 32.4% from 2000.

- Of the 3,874 households surveyed in 2010 in Mangilao, 3,457 households reported a mean earning income in 2009 of $55,539; 576 with Social Security Income (mean income $10,631); 582 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $5,294); and 632 with Retirement Income (mean income $26,310).

- Approximately 669 families, or 21% of the total families, in Mangilao were living below the poverty level in 2009. Of this total, 307 families had a female as head of household with no husband present. Of the 307 families, 281 had related children under 18 years of age and 151 had related children under 5 years of age.

Munincipality of Merizo
(Malesso')

Mayor Ernest Chargualaf

The village of Merizo is located on the southern tip of the island with a land area of 6.26 square miles and is part of the Haya (Southern) District. The village derives its name from the word "lesso". "Lesso" is the next growth size of the juvenile rabbit fish locally known as "manahak" and these were caught at the mouth of the bay of that village. Merizo is the southernmost village where one can ride a boat to a smaller island known for its recreational and resort facilities – Cocos Island. This small historic village was home of the ancient Chamorros who lived along the shores of the bay and fished for a living in the abundant sea, especially full of "lesso", which gave the village its name.

Population

- In 2010, Guam had a total population of 159,358. Approximately 1.2% (or 1,850 persons) resided in the village of Merizo. Merizo's population decreased 14.5% from 2,163 persons in 2000 to 1,850 persons in 2010. The median age of Merizo's population increased from 23.3 years in 2000 to 25.0 years in 2010.

- In 2010, there were 1,119 persons aged 18 years and over comprised of 554 males and 565 females. The Census results showed a decrease of 9.7% of persons 18 years and over in Merizo between 2000 and 2010.

- Of the total number of people residing in Merizo, about 195 are children under 5 years old; 185 are children between the ages 5-9 years; 212 children are between 10-14 years; and 204 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Merizo's cultural mix of Chamorros (87.6%); Freely Associated States (3.5%); Filipinos (3.4%); Other Asian (0.3%); White (2.9%); Black (0.2%); and other single or multi-ethnic group (2.1%).

- In 2010, about 76 percent of Merizo residents 25 years of age and over were high school graduates with 10.2 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over dropped 6.7 percent from 720 persons in 2000 to 672 persons in 2010. Persons in the armed forces in 2010 made up 1.9 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 15.7% to 14.1% respectively.

- Of the projected population for Merizo in 2013, approximately 948 are males and 914 are females. By 2020, the Merizo population will reach 995 males and 959 females.

Households and Income

- In 2010, there were 405 households in Merizo of which there were 341 family households. The average household size in Merizo dropped from 4.6 persons in 2000 to 4.5 persons in 2010. The median household income increased 39.3% between 2000 and 2010. In 2010, the per capita income was reported at $13,962, up 32.6% from 2000.

- Of the 405 households in Merizo, 349 households reported a mean earning income in 2009 of $53,026; 74 with Social Security Income (mean income $9,104); 104 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $7,407); and 137 with Retirement Income (mean income $28,135).

- Approximately 70 families, or 20.5% of the total families, in Merizo were living below poverty level in 2009. Of this total, 34 families had a female as head of household with no husband present. Of the 34 families, 30 had related children under 18 years of age and 13 had related children under 5 years of age.

Munincipality of Mongmong-Toto-Maite

Mayor Andrew Villagomez

The first of three villages combined into one derives its name from the word “momongmong”. “Momongmong” comes from the sound of a heartbeat but through word evolution came out to “mongmong”. The second village derives its name from the word “to to”. “To to” means to lie or recline on one’s back. The third village derives its name from the word “ma ette”. “Ma ette” means to nudge or touch another person usually accidentally with your hands or with some part of your body.

- Of the projected population for Piti in 2013, approximately 757 are males and 706 are females. By 2020, the Piti population will reach 794 males and 742 females.

Households and Income

- In 2010, there were 445 households in Piti of which there were 321 family households. The average household size in Piti dropped from 3.40 to 3.23 persons in 2010. The median household income increased 12.8% from 2000 to 2010. In 2010, the per capita income was reported at $26,303 up 29% from 2000.

- Of the 445 households surveyed in 2010 in Piti, 403 reported a mean earning income in 2009 of $73,706; 86 with Social Security Income (mean income $10,761); 42 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $2,841); and 97 with Retirement Income (mean income $38,023).

- Approximately 41 families, or 12.8% of the total families, in Piti were living below poverty level in 2009. Of this total, 19 families had a female as head of household with no husband present. Of the 19 families, 18 had related children under 18 years of age and 9 had related children under 5 years of age.

Municipality of Santa Rita

Mayor Dale E. Alvarez

Santa Rita is located on the southwestern side of Guam with a land area of 16.26 square miles and is part of the Haya (Southern) District. This village does not have an original name because it was established in 1945 when residents were moved from the destroyed Sumay village. "Santa Rita" is the patron saint of abused wives. It is not clear how the name was decided upon, nor for what reason the name was chosen when the village was established.

Population

- In 2010, Guam had a total population of 159,358. Approximately 3.8% (or 6,084 persons) of Guam's total population resided in the village of Santa Rita. Santa Rita's population decreased 18.9% from 7,500 persons in 2000 to 6,084 persons in 2010. The median age of Santa Rita's population dropped from 26.3 years in 2000 to 25.9 years in 2010.

- In 2010, there were 4,270 persons aged 18 years and over, comprised of 2,402 males and 1,868 females. The Census results showed a decrease of 17% of persons 18 years and over in Santa Rita between 2000 and 2010.

- Of the total number of people residing in Santa Rita, about 505 are children under 5 years old; 530 are children between the ages 5-9 years; 487 children are between 10-14 years; and 536 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Santa Rita's cultural mix of Chamorros (40.7%); Freely Associated States (2%); Filipinos (14.7%); Other Asian (2.6%); White (28.5%); Black (4.2%); and other single or multi-ethnic group (7.3%).

- In 2010, about 86.5 percent of Santa Rita residents 25 years of age and over were high school graduates with 25.7 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over in dropped 24.5 percent from 2,527 persons in 2000 to 1,907 persons in 2010. Persons in the armed forces in 2010 made up 64 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 9.3% to 8.1% respectively.

- Of the projected population for Santa Rita in 2013, approximately 3,385 are males and 2,738 are females. By 2020, the Santa Rita population is expected to reach 3,552 males and 2,874 females.

Households and Income

- In 2010, there were 1,448 households in Santa Rita of which there were 1,254 family households. The average household size in Santa Rita dropped from 3.66 persons in 2000 to 3.57 persons in 2010. The median household income increased 42.9% between 2000 and 2010. In 2010, the per capita income was reported at $20,298 up 40.2% from 2000.

- Of the 1,448 households surveyed in Santa Rita, 1,291 reported a mean earning income in 2009 of $63,188; 244 with Social Security Income (mean income $11,112); 134 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $6,980); and 343 with Retirement Income (mean income $28,349).

- Approximately 153 families, or 12.2% of the total families, in Santa Rita were living below poverty level in 2009. Of this total, 71 families had a female as head of household with no husband present. Of the 71 families, 65 had related children under 18 years of age and 33 had related children under 5 years of age.

Munincipality of Sinajaña
(Sinahånña)

Mayor Robert Hofmann

The village of Sinajaña is located in the central part of the island with a land area of 0.89 square miles and is part of the Luchan (Western) District. Sinajaña overlooks the central parks of Guam and sits atop the capital of Hagåtña. The village derives its name from the word "chinahan". "Chinahan" means the method of baking wild yams in the dirt. The "ña" at the end of the village name "Sinajaña" refers to the people who helped in the baking process.

Population

- In 2010, Guam had a total population of 159,358. Approximately 1.6% (or 2,592 persons) of Guam's total population resided in the village of Sinajaña. Sinajaña's population decreased 9.1% from 2,853 persons in 2000 to 2,592 in 2010. The median age of Sinajaña's population increased from 28.7 years in 2000 to 30.7 years in 2010.

- In 2010, there were 1,791 persons aged 18 years and over comprised of 908 males and 883 females. The Census results showed a 4.5% decrease of persons 18 years and over in Sinajaña between 2000 and 2010.

- Of the total number of people residing in Sinajaña, about 255 are children under 5 years old; 188 are children between the ages 5-9 years; 201 children are between 10-14 years; and 251 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Sinajaña's cultural mix of Chamorros (70.6%); Freely Associated States (7.1%); Filipinos (9.9%); Other Asian (3.7%); White (4.4%); Black (0.5%); and other single or multi-ethnic group (3.8%).

- In 2010, about 80.5 percent of Sinajaña residents 25 years of age and over were high school graduates with 19.3 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over decreased 2.3 percent from 1,206 persons in 2000 to 1,178 persons in 2010. Persons in the armed forces in 2010 made up 4.5 percent of the total persons in the labor force. Unemployment decreased between 2000 and 2010, from 11.0% to 9.0% respectively.

- Of the projected population for Sinajaña in 2013, approximately 1,335 are males and 1,274 are females. By 2020, the Sinajaña population will reach 1,401 males and 1,337 females.

Households and Income

- In 2010, there were 752 households in Sinajaña of which there were 586 family households. The average household size in Sinajaña dropped from 3.84 persons in 2000 to 3.45 persons in 2010. The median household income increased 9.3% between 2000 and 2010. In 2010, the per capita income was reported at $18,492 up 20.3% from 2000.

- Of the 752 households surveyed in 2010 in Sinajaña, 639 households reported a mean earning income in 2009 of $58,464; 169 with Social Security Income (mean income $9,932); 101 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $6,390); and 206 with Retirement Income (mean income $26,080).

- Approximately 103 families, or 17.6% of the total families, in Sinajaña were living below poverty level in 2009. Of this total, 53 families had a female as head of household with no husband present. Of the 53 families, 45 had related children under 18 years of age and 28 had related children under 5 years of age.

Munincipality of Talofofo
(Talo'fo'fo)

Mayor Vicente S. Taitague

The village of Talofofo is located in the southeastern side of the island with a land area of 17.79 square miles and is part of the Haya (Southern) District. This village derives its name from the saying "Entalo' I fe'fo". "Entalo' I fe'fo" means between the cliffs where this place is situated and surrounded by cliffs. It is possible that another word gave this village its ending name. The word "fo'fo" means a bubbling spring. Because the Talo'fo'fo River and Talo'fo'fo Falls are located in this municipality, the name could possibly mean between the bubbling springs.

Population

- In 2010, Guam had a total population of 159,358. Approximately 2% (or 3,050 persons) of Guam's total population resided in the village of Talofofo. Talofofo's population decreased 5% from 3,215 persons in 2000 to 3,050 persons in 2010. The median age of Talofofo's population jumped from 24.8 years in 2000 to 29.0 years in 2010.

- In 2010, there were 1,985 persons aged 18 years and over made up of 1,002 males and 983 females. The Census results showed an increase of 2.8% of persons 18 years and over in Talofofo between 2000 and 2010.

- Of the total number of people residing in Talofofo, about 283 are children under 5 years old; 250 are children between the ages 5-9 years; 328 children are between 10-14 years; and 308 are between 15-19 years.

- The 2010 Guam Census results showed Talofofo's cultural mix of Chamorros (72.9%); Freely Associated States (5.9%); Filipinos (4.9%); Other Asian (2%); White (9.8%); Black (0.4%); and other single or multi-ethnic group (4.1%).

- In 2010, about 81.3 percent of Talofofo residents 25 years of age and over were high school graduates with 20 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over increased 3.3 percent from 1,256 persons in 2000 to 1,297 persons in 2010. Persons in the armed forces in 2010 made up 6.9 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 14.6% to 7.9% respectively.

- Of the projected population for Talofofo in 2013, approximately 1,567 are males and 1,503 are females. By 2020, the male population will reach 1,645 and 1,577 for females.

Households and Income

- In 2010, there were 781 households in Talofofo of which there were 686 family households. The average household size in Talofofo dropped from 4.3 persons in 2000 to 3.8 persons in 2010. The median household income increased 33.8% between 2000 and 2010. In 2010, the per capita income was reported at $19,304 up 48.8% from 2000.

- Of the 781 households surveyed in 2010 in Talofofo, 696 reported a mean earning income in 2009 of $66,424; 117 with Social Security Income (mean income $10,268); 108 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $6,089); and 223 with Retirement Income (mean income $29,675).

- Approximately 100 families, or 14.6% of the total families, in Talafofo were living below poverty level in 2009. Of this total, 37 families had a female as head of household with no husband present. Of the 37 families, 33 had related children under 18 years of age and 21 had related children under 5 years of age.

Munincipality of Tamuning-Tumon-Harmon

Mayor Louise Rivera

Tamuning has a land area of 5.65 square miles and is part of the Luchan (Western) District. There are two Carolinian stories that relate to how the village derives its name. First, there was a Carolinian Chief named Tamuning who was brought over from Ulul Atoll in the Caroline Islands. The second came from a Carolinian word "Tamuning" which is the movement of people from Apotuan on to the area where a cotton plantation was run by an individual named George Johnston. Mr. Johnston was an American businessman who married a Spaniard woman and was permitted to grow cotton in what is now Tamuning. The second village derives its name from the saying "ti apmam homhom" which means it is getting dark and refers to hunters and fishermen who walk from southern Guåhan to fish or hunt in this place and by the time they get there it is nearing darkness.

Population

- In 2010, Guam had a total population of 159,358. Approximately 12.4% (or 19,685 persons) of Guam's total population resided in Tamuning. Tamuning's population increased 9.3% from 18,012 persons in 2000 to 19,685 persons in 2010. The median age of Tamuning's population increased from 32.0 years in 2000 to 34.8 years in 2010.

- In 2010, there were 14,559 persons aged 18 years and over comprised of 7,899 males and 6,660 females. The Census results showed an increase of 12.5% of persons 18 years and over in Tamuning between 2000 and 2010.

- Of the total number of people residing in Tamuning, about 1,474 are children under 5 years old; 1,401 are children between the ages 5-9 years; 1,446 children between 10-14 years; and 1,276 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Tamuning's cultural mix of Chamorros (19.4%); Freely Associated States (13.8%); Filipinos (26.2%); Other Asian (23.3%); White (9.4%); Black (1.1%); and other single or multi-ethnic group (6.9%).

- In 2010, about 83.7 percent of Tamuning residents 25 years of age and over were high school graduates with 27.7 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over rose 10.2 percent from 9,233 persons in 2000 to 10,177 persons in 2010. Persons in the armed forces in 2010 made up 7.2 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 8.0% to 5.7% respectively.

- Of the projected population for Tamuning in 2013, approximately 10,636 are males and 9,175 are females. By 2020, the Tamuning population will reach 11,162 males and 9,630 females.

Households and Income

- In 2010, there were 6,670 households in Tamuning of which there were 4,264 family households. The average household size in Tamuning dropped from 2.96 persons in 2000 to 2.75 persons in 2010. The median household income increased 25% between 2000 and 2010. In 2010, the per capita income was reported at $22,182 up 36% from 2000.

- Of the 6,670 households surveyed in 2010 in Tamuning, 6,094 households reported a mean earning income in 2009 of $58,888; 873 with Social Security Income (mean income $11,375); and 524 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $5,544); and 544 with Retirement Income (mean income $24,178).

- Approximately 769 families, or 18% of the total families, in Tamuning were living below poverty level in 2009. Of this total, 309 families had a female as head of household with no husband present. Of the 309 families, 270 had related children under 18 years of age and 128 had related children under 5 years of age.

.

Munincipality of Umatac
(Humåtak)

Mayor Johnny Quinata

The village of Umatac is located in the southwestern side of the island with a land area of 6.25 square miles and is part of the Haya (Southern) District. This village derives its name from the word "uma". "Uma" means to carry something on the back or a heavy load on the shoulders. Umatac is the smallest and second oldest of Guam's villages after Inarajan. This is the village where Ferdinand Magellan was alleged to have visited and through his escapades with the villagers that led him to rename Guam the "Island of Thieves".

Population

- In 2010, Guam had a total population of 159,358. Approximately 0.5% (or 782 persons) of Guam's total population resided in the village of Umatac. Umatac's population decreased 11.8% from 887 persons in 2000 to 782 persons in 2010. The median age of Umatac's population increased from 21.9 years in 2000 to 25.5 years in 2010.

- In 2010, there were 492 persons aged 18 years and over in Umatac, comprised of 247 males and 245 females. The Census results showed a decrease of 3.1% of persons 18 years and over in Umatac between 2000 and 2010.

- Of the total number of people residing in Umatac, about 93 are children under 5 years old; 63 are children between the ages 5-9 years; 86 children are between 10-14 years; and 86 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Umatac's cultural mix of Chamorros (87.2%); Freely Associated States (5.1%); Filipinos (2%); Other Asian (0.1%); White (2.2%); Black (0.8%); and other single or multi-ethnic group (2.6%).

- In 2010, about 80 percent of Umatac residents 25 years of age and over were high school graduates with 12.4 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over dropped 10.3 percent from 358 persons in 2000 to 321 persons in 2010. Persons in the armed forces in 2010 made up 1.2 percent of total population in the labor force. Unemployment decreased between 2000 and 2010, from 27.7% to 15.6% respectively.

- Of the projected population for Umatac in 2013, approximately 396 are males and 391 are females. By 2020, the Umatac population will reach 415 males and 411 females.

Households and Income

- In 2010, there were 171 households in Umatac of which there were 147 family households. The average household size in Umatac dropped from 5.48 persons in 2000 to 4.57 persons in 2010. The median household income increased 42.2% between 2000 and 2010. In 2010, the per capita income was reported at $13,546, up 43.3% from 2000.

- Of the 171 households surveyed in 2010 in Umatac, 145 reported a mean earning income in 2009 of $57,444; 24 with Social Security Income (mean income $8,468); 41 with Public Assistance Income including Supplemental Security Income (mean income $4,966); and 61 with Retirement Income (mean income $22,821).

- Approximately 38 families, or 26% of the total families, in Umatac were living below poverty level in 2009. Of this total, 17 families had a female as head of household with no husband present. Of the 17 families, 15 had related children under 18 years of age and 13 had related children under 5 years of age.

Munincipality of Yigo
(Yigu)

Mayor Rudy Matanane

The village of Yigo is located in the northern part of Guam with a land area of 35.61 square miles and is part of the Lagu (Northern) District. Yigo derives its name from the word "yugu". "Yugu" means the frame placed over the neck of a carabao and harnessed to a cart. The soil is rich for coffee, cocoa, pineapples, oranges and tangerines, which grew in abundance before the war. This village also produced chocolates, which were then transported to Hagåtña where they were served to visitors in the Chocolate House of the Governor's palace. Yigo also has many Ifil wood trees, the hardwood used to make the yoke of the carabao and often times the construction of the carabao cart.

Population

- In 2010, Guam had a total population of 159,358. About 12.9% (or 20,539 persons) of Guam's total population resided in the village of Yigo. Yigo's population increased 5.5% from 19,474 persons in 2000 to 20,539 persons in 2010. The median age of Yigo's population rose from 25.0 years in 2000 to 26.7 years in 2010.

- In 2010, there were 13,277 persons aged 18 years and over in Yigo, comprised of 6,748 males and 6,529 females. The Census results showed an increase of 10.2% of persons 18 years and over in Yigo between 2000 and 2010.

- Of the total number of people residing in Yigo, about 1,982 are children under 5 years old; 1,988 are children between the ages 5-9 years; 2,100 children are between 10-14 years; and 1,897 are between the ages of 15-19 years.

- The 2010 Guam Census results showed Yigo's cultural mix of Chamorros (29.1%); Freely Associated States (13.3%); Filipinos (35.9%); Other Asian (2.5%); White (11.1%); Black (1.8%); and other single or multi-ethnic group (6.1%).

- In 2010, about 78.1 percent of Yigo residents 25 years of age and over were high school graduates with 17.8 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over increased 15.8 percent from 6,996 persons in 2000 to 8,098 persons in 2010. Persons in the armed forces in 2010 made up 14.3 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 11.6% to 8.4% respectively.

- Of the projected population for Yigo in 2013, approximately 10,528 are males and 10,142 are females. By 2020, the Yigo population will reach 11,049 males and 10,645 females.

Households and Income

- In 2010, there were 4,960 households in Yigo of which there were 4,384 family households. The average household size in Yigo dropped from 4.09 persons in 2000 to 4.00 persons in 2010. The median household income increased 25.9% between 2000 and 2010. In 2010, the per capita income was reported at $13,949, up 26.6% from 2000.

- Of the 4,960 households surveyed in 2010 in Yigo, 4,507 households reported a mean earning income in 2009 of $53,103; 820 with Social Security Income (mean income $10,238); 592 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $5,706); and 700 with Retirement Income (mean income $21,644).

- Approximately 776 families, or 17.7% of the total families, in Yigo were living below poverty level in 2009. Of this total, 310 families had a female as head of household with no husband present. Of the 310 families, 284 had related children under 18 years of age and 163 had related children under 5 years of age.

Munincipality of Yona
(Yo'na)

Mayor Ken Joe Ada

The village of Yona is located on the southeastern side of the island and has a land area of 20.12 square miles. It is situated on a plateau overlooking the Pacific Ocean and is part of the Haya (Southern) District. The village derives its name from the word "iyo-'a". "Iyo-a" means the possession of something be it material things, personal items, or spiritual ownership. Yona is well known to islanders because of Menenggon, the infamous concentration camp where the Japanese imprisoned the Chamorros before the American invasion. This village follows the village of Sinajana where development in the form of "Urban Renewal" created what is Yona today.

Population

- In 2010, Guam had a total population of 159,358. Approximately 4% (or 6,480 persons) of Guam's total population resided in the village of Yona. Yona's population decreased slightly from 6,485 persons in 2000 to 6,480 persons in 2010. The median age of Yona's population increased from 24.3 years in 2000 to 27.2 years in 2010.

- In 2010, there were 4,121 persons aged 18 years and over comprised of 2,018 males and 2,103 females. The Census results showed a 7% increase of persons 18 years and over in Yona between 2000 and 2010.

- Of the total number of people residing in Yona, about 678 are children under 5 years old; 642 are children between the ages 5-9 years; 645 children are between 10-14 years; and 620 are between the ages 15-19 years.

- The 2010 Guam Census results showed Yona's cultural mix of Chamorros (71.5%); Freely Associated States (7.5%); Filipinos (7.3%); Other Asian (1.7%); White (7.2%); Black (0.3%); and other single or multi-ethnic group (4.5%).

- In 2010, about 80.3 percent of Yona's residents 25 years of age and over were high school graduates with 20.7 percent holding a Bachelor's degree or higher.

- The Civilian Labor Force population for persons 16 years of age and over increased 9.2 percent from 2,490 persons in 2000 to 2,718 persons in 2010. Persons in the armed forces made up 3.2 percent of total persons in the labor force. Unemployment decreased between 2000 and 2010, from 14.2% to 10.0% respectively.

- Of the projected population for Yona in 2013, approximately 3,247 are males and 3,274 are females. By 2020, the Yona population will reach 3,409 males and 3,436 females.

Households and Income

- In 2010, there were 1,635 households in Yona of which there were 1,384 family households. The average household size in Yona dropped from 4.33 persons in 2000 to 3.94 persons in 2010. The median household income increased 13.9% between 2000 and 2010. In 2010, the per capita income was reported at $18,270, up to 27% from 2000.

- Of the 1,635 households surveyed in 2010 in Yona, 1,429 households reported a mean earning income in 2009 of $64,819; 290 with Social Security Income (mean income $12,396); 252 with Public Assistance Income including Supplemental Security Income (SSI) (mean income $6,799); and 455 with Retirement Income (mean income $30,514).

- Approximately 246 family households, or 17.8% of the total families, in Yona were living below poverty level in 2009. Of this total, 131 families had a female as head of household with no husband present. Of the 131 families, 119 had related children under 18 years of age and 77 had related children under 5 years of age.

Guam economic outlook

Economic Outlook for Guam

(Governor's Executive Budget FY2014
submitted to the 32nd Guam Legislature)

The economic outlook for Guam's short term future throughout the remainder of FY 2013 and continuing into FY 2014 is likely to be one of economic stability on a plateau relatively comparable to current levels, although modest growth appears possible. However, a number of potential adverse risks, if realized, could lead to a less favorable outlook.

In FY 2012, there were increases in tourist arrivals, construction, employment, and Government of Guam revenues. The economic rebound that Guam's economy experienced in FY 2012 was due in large part to continuing recovery in Japan's outbound tourism following the March 11, 2011 earthquake, tsunami and nuclear power plant incidents. Other factors contributing to the rebound in Guam's economy included an increase in construction and a substantial infusion of bond-financed payments for outstanding income tax refunds. Two bond funded disbursements occurred in FY 2012 totaling $307.8 million. In December 2011, bond proceeds paid $198 million in tax refunds and $16.8 million in cost-of-living-allowance payments. In June 2012 refunds from the proceeds of a second bond were disbursed for income tax refunds in the amount of $93 million. Payment of the refunds enabled the Government of Guam to obtain federal reimbursement of Additional Child Tax Credits paid. The timing of the receipt of federal reimbursement for tax credit payments was accelerated by the bond-financed payments and increased Government of Guam's FY 2012 receipts by $24.5 million for the December 2011 refunds and an additional $14.5 million for June 2012. Two U.S. federal stimulus measures, including a two percent reduction in payroll tax withholding and expenditure of previously awarded American Recovery and Reinvestment Act (ARRA) funds also contributed. Of the

$236.8 million in ARRA funds awarded, $34.4 million remained as of September 30, 2011. In FY 2012 an additional $20.5 million was expended or encumbered. ARRA funds did contribute to the economy somewhat in FY 2012 but most of the impact occurred in earlier fiscal years.

All of these measures which contributed to the recovery in FY2012 have been realized for the most part, or entirely, and will not contribute much to future growth, although the increase in tourist arrivals to current levels is anticipated to help support continuation of economic activity.

Economic stability in the near term for Guam is contingent on a projected modest increase in tourist arrivals as well as continued strong levels of construction activity. A resolution of the plans to sequester federal expenditures with more moderate federal expenditure cuts is also necessary to avoid a downturn.

Department of Defense construction projects, including projects which already have funding appropriated from the United States and Japan governments for realignment of Marine Corps forces from Okinawa, are on hold until additional plans, reports and a supplemental environmental impact statement are completed and other conditions are met. Due to the time it will take for completion of these requirements, followed by procurement processes to contract the projects, the commencement of construction for such projects is not expected within FY 2014. Other Department of Defense military construction projects not associated with the Marine Corps realignment are proceeding as planned. The delay and uncertainty regarding the realignment has contributed to a weakening in the real estate market. In some cases real estate investments were made to prepare for buildup activities which have not yet occurred.

For the quarter ending September 2012, total employment increased modestly, 550 jobs to 61,140 from the comparable figures of September 2011 while unemployment fell to 10.9 percent a decrease of .9 percentage points from March 2012 according to published reports from the Department of Labor's Bureau of Labor Statistics. The rate of employment growth has lagged behind sales and revenue growth in the economy.

Tourism

The total number of visitor arrivals to Guam in CY 2012 was 1,307,796, a 12.8 percent increase from the prior CY 2011 count and the highest since CY 2000. CY 2012 numbers were just 5.3 percent below the CY 1997 figure of 1,381,513 which is the highest number of arrivals during a calendar year.

Guam Visitors Bureau projections are for a 3.8 percent increase for FY 2013 and another 2.6 percent increase for FY 2014. The Guam Airport Authority's website notes that "Guam has been ranked 5th overall in the Top Ports in International Arrivals. In February 2012, Guam ranked right below Honolulu, and outranked San Francisco and Newark, New Jersey. Guam has been gaining in its reputation as a preferred destination, having moved up the ranks from 8th in November 2011, to 6th in January 2012, and to 5th overall in February" according to statistics released by the US Office of Travel and Tourism Industries.

There is sufficient capacity for increases in tourist arrivals as current levels remain below peak historical levels. However, at certain times of the year, hotel rooms are booked to capacity and have become a constraint on arrival increases during those periods. Recent increases in air service to Guam along with scheduled opening of new hotel rooms will expand the capacity to accommodate further growth in the industry. Guam Hotel and Restaurant Association's May 2012 weighted average occupancy rate was at 79 percent, up from 71 percent for the May 2011 year-to-date figures. Higher occupancy levels may lead to increased average room rates, hotel revenue and occupancy tax collections as higher demand may result in less discounting or higher room rates. While air service to Guam was reduced with the ending of United Airline's twice weekly flight from Okinawa in October 2012, additional capacity was added recently from Korea. On June 8, 2012, the U.S. Department of Transportation issued an order that allowed Jeju Air Co. Ltd, a Korean low-cost carrier, to conduct scheduled foreign air transportation to points in the United States and beyond. The application specifically proposed to commence services on the Pusan-Guam and Incheon-Guam routes in October 2012. The airline, encouraged by a strong start, added more flights to Guam; it now offers eleven flights a week.

The Verona Resort had a soft opening in October 2012, with plans to increase capabilities to be fully operational by May 2013. It was formerly the 12 story 340 room Sherwood Hotel which has been closed for 10 years. In October 2013, the Dusit Thani Hotel Resort plans to open its doors to guests. It is currently under construction and is adding a new tower and other facilities adjacent to the Outrigger Guam Resort. The hotel property will include a convention center, 417 rooms on 30 floors, private bungalows and world class restaurants. The hotel is expected to create between 150200 new jobs. Increased arrivals to Guam will continue to be facilitated by visa waiver programs implemented in previous years as well as faster processing of mainland Chinese visas facilitated by increases in U.S. staffing in China. The U.S. State Department issued more than one million U.S. visas for Chinese applicants in FY 2011, up 34 percent from the previous year. The State Department has announced that it has already processed more than one million visas in China this year, a 43 percent increase over the first six months of FY 2011. The U.S. Department of Commerce forecast annual growth rates of visitors from China above 20 percent for CY 2013 – 2015. For a comparison of the two latest calendar years, CY 2011 – CY 2012, arrivals to Guam from China increased 26.5 percent, arrivals from Korea increased 22.6 percent and Japan 12.7 percent; visitors from Russia increased by 538.9 percent following the implementation of a visa waiver program.

Japan remains the point of origin for the largest share of Guam tourists although the share has been declining somewhat due to the successful expansion and diversification to other markets. In CY 2012, the share of Guam's tourists from Japan fell to 71.2 percent.

Japan's Economy

As the major source for Guam's visitors, the welfare of Japan's economy is of considerable interest. Japan recently abolished a spending limit imposed by the last government and removed a ceiling on government debt issuance in an effort to speed up reconstruction work in Japan's disaster zone. The new LDP Prime Minister, Shinzo Abe, has announced a 10.5 trillion yen stimulus package, and political pressure is being put on the Bank of Japan to make good on its

commitment to further, aggressive monetary expansion. According to a January 11, 2013 report in The Asahi Shimbun, "The DPJ government decided to implement income tax increases of 10.5 trillion yen (U.S. $115 billion). But that in itself was insufficient, so additionally it cut about 4 trillion yen (U.S. $44 billion) from government spending—even shrinking civil-service salaries by an average of 7.8 percent over a two year period." Also, "the consumption tax rate will increase from the current 5 percent to 10 percent by October 2015." Another development is the recent and substantial depreciation of the Japanese Yen relative to the U.S. dollar. As of October 31, 2012 the exchange rate was 79.8 yen for a dollar. By December 31, 2012 it had increased to 86.7 and by January 25, 2013, had further increased to 90.9. From the Japanese tourist's perspective, a devalued yen will make the U.S. dollar and travel to and purchase of goods in Guam, more expensive. It will also make its exports cheaper and should strengthen its export sector while making Japanese goods in Guam less expensive. The first item is negative with respect to tourism but strengthening Japan's export sector and economy which would provide greater income to travel is a plus. Whether the Japan currency will continue to depreciate and what the net effect of these developments on Japan's economy will be and its subsequent effect on Japanese travel to Guam remains to be seen.

Construction

A short term leading indicator of future levels of construction activity is the value of building permits and construction contracts awarded. Following the issuance of building permits and construction contracts, construction activity follows. In periods with high dollar amounts of permits and contracts, high levels of construction will follow. Building permit information from the Department of Public Works (DPW) shows a recent trend of increasing permit dollar value totals. In CY 2010 the value of building permits issued was $184.8 million; this increased to $211.1 million in CY 2011 and further to $364.5 million in CY 2012, the highest level since the early 1990's. Construction projects on U.S. military bases do not obtain building permits from DPW. For DOD projects, the dollar amount of construction contracts awarded is a leading indicator of construction work to follow. The trend in DOD construction contracts has been generally increasing over the last decade although with substantial deviations from the trend on a year to year basis. In CY 2010, DOD issued a record total of $370.4 million in construction contracts, a record surpassed with $424.3 million in CY 2011. In CY 2012 the number declined to $152.1 million. The combined total of DPW permits and DOD construction contracts has been more stable with the total exceeding half a billion dollars in four of the last five fiscal years.

Chart 1. BUILDING PERMITS & CONSTRUCTION CONTRACTS (in thousands)

Calendar Year:	**2007**	**2008**	**2009**	**2010**	**2011**	**2012**
Building Permits	305,853	241,388	299,057	184,837	211,097	364,504
U.S. Military Construction Contracts	136,747	295,889	148,823	370,413	334,597	152,095
Japan Funded Military Contracts					89,720[1]	
TOTAL:	442,600	537,277	447,880	555,250	635,414	516,599

Note: [1] Budgeted amount. The full amount of MACC indefinite contracts is not recorded in the above figures, only task orders for specific projects.

Building permits and Construction contract data provide the most immediate indicator of construction to follow in the following year or two. For a somewhat longer period, appropriations and other funding information is an insightful indicator. Obtaining the funding for construction projects is an activity that occurs somewhat prior to a building permit issued or a construction contract being awarded. Prior to FY 2010, there was a close relationship with the level of military construction appropriations and the level of contract awards that followed generally within a year. Since FY 2010, the appropriations related to the Marine Corps relocation have not been contracted out for the most part. The appropriations for military construction from the U.S. Government and the Government of Japan increased steadily each year from FY 2007 through FY 2010 reaching a peak of just over $1.2 billion. The totals have dropped off dramatically in FY 2012. While defense construction contracts increased in FY 2010 and FY 2011, the contracted amounts were well below the appropriated amounts leaving over $1.3 billion of the $2.3 billion appropriated from the U.S. and Japan during FY 2010 – FY 2013 still available for contracting subject to restrictions on the use of funds being resolved.

Chart 2.
APPROPRIATIONS (in thousands)

Fiscal Year (FY):	**2007**	**2008**	**2009**	**2010**	**2011**	**2012**	**2013**
US DOD Military Construction	192,246	345,000	180,000	737,654	176,030	83,600	101,904
Japan - Fiscal Year (JFY)			336,000	500,000	582,000	93,000	
Combined:	192,246	345,000	516,000	1,237,654	758,030	176,600	101,904

A listing of major construction projects for which financing has already been obtained or is likely to be obtained from bond financing or other financing that could be underway sometime in FY 2014 indicates there are a sufficient number of projects in the pipeline to maintain stability in the construction industry through FY 2014 as existing projects are completed. As noted earlier, the Dusit Thani hotel is scheduled for opening in October 2013. While there are no announced specific plans to restart the Versace Oka Point Towers project, if construction were to resume it would add to the list of major ongoing construction projects. Without Marine Corps relocation projects, construction could remain near current levels based on the volume of existing permits and contracts awarded in recent years. There is potential for increases above current construction levels if a number of new projects get underway concurrently as well as the possibility that the industry could contract modestly if too many of the projects planned experience material delays. The two largest projects currently under construction on Guam, each in excess of $100 million, are the new Navy Hospital in Agana Heights and the Guam Regional Medical City Hospital in Dededo followed by the $60 million Dusit Thani Hotel project in Tumon. A $50 million defense funded port modernization project will break ground January 30, 2013 following the groundbreaking last week on a Guam Housing and Urban Renewal Authority $28.1 million, 70 unit affordable housing project in Tamuning.

Chart 3. LIST OF PLANNED MAJOR CONSTRUCTION PROJECTS AND FUNDING	
Planned Projects –Bond/Loan Financing	**Amount**
Okkodo High School Expansion Project (DOE)	$24,223,000
2030 Transportation Plan Financing (DPW)	75,000,000
Ironwood Lada Senior Village (Private Activity)	20,000,000
Guam Port Authority Wharves life extension	10,000,000
Planned Projects – Funds Available	
Hagatna Revitalization, Museum & Tumon Upgrades	56,000,000
Guam Power Authority Fadian Campus Building	35,000,000
DPW Road and Bridge Projects in Planning & Design	79,800,000
Tower 70 Affordable Housing (GHURA)	28,100,000
Port Modernization Project (Defense-funded)	50,000,000
FY 2013 (DOD) Military Construction Projects	101,904,000
TOTAL:	$480,027,000

Marine Corps Relocation to Guam

The National Defense Authorization Act for Fiscal Year 2013 includes two sections in *Subtitle D-Provisions Related to Asia-Pacific Military Realignment* that will further delay the realignment of forces and the construction activities to prepare for them which were originally scheduled to commence in FY2010. The first item requires a certification as a condition to establish a live fire training range complex on Guam. The second places restrictions on the use of funds for the realignment until various conditions are met:

> A Live Fire Training Range complex on Guam may not be established (including any construction or lease of lands related to such establishment) in coordination with the realignment of United States Armed Forces in the Pacific until the Secretary of Defense certifies to the congressional defense committees that there is a military training and readiness requirement for the Live Fire Training Range Complex.
>
> Except as provided in subsection (c), none of the funds authorized to be appropriated under this Act, and none of the amounts provided by the Government of Japan for construction activities on land under the jurisdiction of the Department of Defense, may be obligated to implement the realignment of Marine Corps forces from Okinawa to Guam or Hawaii until each of the following occurs…

These requirements include an assessment of the strategic and logistical resources needed, master plans including detailed descriptions of costs and schedules, a plan detailing investment and schedules required to restore Marine Corps Air Station at Futenma and a plan detailing work, costs and a schedule on non-military utilities, facilities, and infrastructure affected by the realignment. Subsection (c) exempts studies required under the National Environmental Policy Act of 1969 and planning and design of construction projects at Andersen Air Force Base and Andersen South and authorizations provided in section 2204 as specified in the funding table in section 4601. This table includes all three items authorized for appropriation in the FY 2013 Defense Act. These include the North Ramp Parking (Andersen AFB) – Inc2, Upgrade of a Fuel Pipeline and the Army National Guard JFHQ Ph4 totaling $101.9 million.

On April 27, 2012, a revised agreement between the United States and Japan regarding the Marine Corps realignment was reached. The 2006 plan to relocated Marines to Guam was revised to shift 9,000 Marines from Okinawa with 5,000 going to Guam and the rest to other locations including Australia and Hawaii. The agreement reduced the scope and funding for the Guam component, with Japan cash commitment of $3.1 billion down from a previous total commitment of $6.09 billion dollars with $2.8 billion in cash and the balance in other financing arrangements. While the size of the eventual move was reduced, the resolution of the replacement site for the Futenma base which was previously a condition for the commencement of the move was delinked in the agreement. So this is no longer an impediment to proceeding, providing optimism that the relocation could proceed. However, other impediments remain.

Deficit Reduction

The Joint Select Committee on Deficit Reduction, referred to as the Supercommittee, created by the Budget Control Act of 2011, came to the conclusion that it was not possible for them to make any bipartisan agreement of cutting the federal deficit, thus triggering the law's requirement of automatic federal budget cuts in FY 2013. On August 4, 2011, then-director of the Office of Management and Budget (White House Chief of Staff until January 2013) Jack Lew wrote that the sequester was not intended to be implemented: "Make no mistake: the sequester is not meant to be policy. Rather, it is meant to be an unpalatable option that all parties want to avoid." The President's FY 2013 budget calls on Congress to replace the sequester. The House, Senate and White House agreed to delay the effects of sequestration until March 2013 under the American Taxpayer Relief Act of 2012. The across-the-board cuts will mean about an 8.4 percent cut in most affected non-defense discretionary programs, a 7.5 percent cut in affected defense programs, an 8.0 percent cut in affected mandatory programs other than Medicare, and a 2.0 percent cut in Medicare provided payments. In 2014, there will be no across-the-board cuts but the Appropriations Committees will decide how to allocate funding within budget caps requiring similar levels of percentage cuts.

The federal debt ceiling increase needed to avoid a default has been delayed from February until mid-May, with Congress providing borrowing authority until then. Another deadline occurs on March 27, 2013 when the legislation funding the federal government will expire creating the risk of a federal government shut down for non-essential functions.

Deficit reduction issues similarly continue to be a concern for the Government of Guam operations as well. These concerns have become more pronounced in the context of a revenue stream that will grow more slowly than previously anticipated due to the delay and downsizing of the Marine Corps relocation activities. These concerns include constraints on further borrowing associated with the Organic Act debt ceiling as well as ongoing litigation regarding the prompt payment of income tax returns and outstanding unfunded liabilities of the Government of Guam.

Conclusion

The outlook for a stable economy for FY 2014 assumes that the three issues facing the federal government this year - sequestration, the debt limit and extension of budget authority for this fiscal year for federal operations - will be resolved without the federal expenditure cuts currently required by the sequester extending into FY 2014. Implementation and continuation of cuts at such a level would almost certainly ensure a modest economic contraction for Guam as the island is heavily dependent on federal funding for defense and nondefense operations as well as defense construction expenditures. It is also assumed that the budget deficit resolution will involve some level of federal expenditure cuts which will extend to Guam during the FY 2014 budget period reducing that source of income receipts. A Defense spending blueprint presented by U.S. Defense Secretary Leon Panetta January 5, 2012 provided a Statement on Defense Strategic Guidance which states that "we are also rebalancing our global posture and presence, emphasizing the Pacific and the Middle East." Depending on the relative importance of emerging budgetary and defense issues, it is possible that increases in defense expenditures for Guam could, in the aggregate, outweigh other budgetary considerations and reductions. Stability and growth also depend on further increases in tourism as well as continued high levels of construction. As a small economy, a given level of change will have a larger percentage effect than on a larger one. Often, the positive gains in one part of the economy are off-set by a loss in another resulting in little net change. Should a number of the major components concurrently move in either a positive or negative direction the cumulative effect of the change from the status quo could be significant.

While the performance of the economy is the most important component in the level of tax revenues collected in a fiscal year, a number of other variables can have a measurable impact. Price inflation remains low for the U.S. and Guam but even moderate inflation can increase tax collections for a constant level of activity for taxes assessed on the dollar value of sales. Government revenue receipts are not determined solely by economic activity but are affected by the timing of tax and other payments as well as accounting and tax policy issues.

Source: Catholic Education Office; Department of Defense Education Activity (DoDEA); Other Private Schools and Guam Department of Education, Government of Guam

1/ Pacific Christian Academy closed SY2010-SY2011.

2/ Total does not include one school in Other Private Schools due to failure to report. [SY2009-2010]

3/ Providence International Christian Academy opened SY2008-SY2009.

4/ Catholic Schools includes Dominican Child Development School; Infant of Prague Nursery & Kindergarten; Maria Artero; Mercy Heights; Bishop Baumgartner; Dominican Catholic School; Our Lady of Mount Carmel;Saint Anthony; Santa Barbara; Saint Francis; San Vicente; Academy of Our Lady; Father Duenas; Notre Dame; and Saint Thomas Aquinas.

5/ Department of Defense Education Activity

6/ Other Private Schools includes Asmuyao Community School, Evangelical Christian Academy, Guam Adventist Academy, Guam International Christian Academy, Harvest Christian Academy, Pacific Christian Academy, Saint Paul Christian School, Southern Christian Academy, St. John's School, Tamuning Christian Academy, Temple Baptist Christian School, and Trinity Christian School.

7/ Per pupil cost is calculated by dividing the total amount of expenditures per year by the average daily membership. The figures does not include cost for transportation from Department of Public Works.

8/ Cohort Graduation Rate: Based on the capability of tracking the high school experience of each member of the ninth grade cohort. After four years of high school, each member of the ninth grade cohort is identified as either a) a graduate; b) still in school; c) a transfer d) a dropout; or e) a withdrawal due to illness or death. A four year cohort graduation rate may then be calculated by dividing the number of cohort graduates after four years of high school by the total 9th grade cohort less the number of transfers and the number of students that withdrew during the four years due to illness or death.

9/ Private School Graduates includes Catholic Schools, DoDEA, and Other Private Schools Graduates.

Source: Catholic Education Office; Department of Defense Education Activity (DoDEA); Other Private Schools and Department of Eduation, Government of Guam

1/ Tamuning Christian Academy closed SY2007-SY2008.

2/ Total for SY2006-SY2007 does not include one school enrollment under Catholic Schools due to failure to report.

3/ Catholic Schools includes Dominican Child Development School; Infant of Prague Nursery & Kindergarten; Maria Artero; Mercy Heights, Bishop Baumgartner; Dominican Catholic School; Our Lady of Mount Carmel;Saint Anthony; Santa Barbara; Saint Francis; San Vicente, Academy of Our Lady; Father Duenas; Notre Dame; and Saint Thomas Aquinas.

4/ Department of Defense Education Activity

5/ Other Private Schools includes Asmuyao Community School, Evangelical Christian Academy, Guam Adventist Academy, Guam International Christian Academy, Harvest Christian Academy, Pacific Christian Academy, Saint Paul Christian School, Southern Christian Academy, St. John's School, Tamuning Christian Academy, Temple Baptist Christian School, and Trinity Christian School.

6/ Per pupil cost is calculated by dividing the total amount of expenditures per year by the average daily membership. The figures does not include cost for transportation from Department of Public Works.

7/ Cohort Graduation Rate: Based on the capability of tracking the high school experience of each member of the ninth grade cohort. After four years of high school, each member of the ninth grade cohort is identified as either a) a graduate; b) still in school; c) a transfer; d) a dropout; or e) a withdrawal due to illness or death. A four year cohort graduation rate may then be calculated by dividing the number of cohort graduates after four years of high school by the total 9th grade cohort less the number of transfers and the number of students that withdrew during the four years due to illness or death.

8/ Private School Graduates includes Catholic Schools, DoDEA, and Other Private Schools Graduates.

1/ Program replaced with AS in automotive Service Technology in Fall of 2006.

2/ Program was reinstituted in November 2011.

3/ Program was changed to AS in Computer Networking in Summer of 2005. One student remained continuously enrolled and received an AS in Electronics Networking.

4/ Program was adopted in April of 2007 and began in Fall of 2007.

5/ From Fall 2003 through Spring 2010, the Food & Beverage Management emphasis was under the the AS in Hospitality Industry Management Program.

6/ Program changed to AS in Hotel Operations, AS in Food & Beverage Management, and AS in Tourism & Travel Management in Fall of 2010.

7/ From Fall 2003 through spring 2010, the Hotel Operations & Management emphasis was under the AS in Hospitality Industry Management Program.

8/ Program was reinstituted in April of 2010 as in Pre-Architectural Drafting. Previous program title was Architectural Engineering Technology in the 2002-2003 catalog.

9/ Program archived in September of 2008. One student remained countinuously enrolled and received an AS in Early Childhood Education.

10/ Program adopted in April of 2009.

11/ From Fall 2003 through Spring 2010, the Tourism & Travel Management emphasis was under the AS in Hospitality Industry Management Program.

12/ Program archived in May of 2006; hoverever, one student remains continuously enrolled.

13/ Program replaced with CERT in Automotive Service Technology in Fall of 2006; however one student remains continuously enrolled.

14/ Program reinstituted May of 2010 and last appeared in the 1999-2000 catalog.

15/ Implemntationof the Cosmetology Industry Certification is effective in Spring of 2013.

16/ Program adopted in April of 2007 and began in Fall of 2007.

17/ Program adopted in July of 2009.

18/ Program archived in September of 2008; however, one student remains continuously enrolled.

19/ Program reinsituted in April of 2009 and previous program title was Certificate in Basic Surveying.

20/ Program archieved in April of 2009

1/ Program replaced with AS in Automotive Service Technology in Fall of 2006.

2/ Program was changed to AS in Computer Networking in Summer of 2005. One student remained continuously enrolled and received an AS in Electronics Networking.

3/ Program was adopted in April of 2007 and began in Fall of 2007.

4/ From Fall 2003 through Spring 2010, the Food & Beverage Management emphasis was udner the AS in Hospitality Industry Management Program.

5/ Program changed to AS in Hotel Operations, AS in Food & Beverage management, and AS in Tourism & Travel Management in Fall of 2010.

6/ From Fall 2003 through Spring 2010, the Hotel Operations & Management emphasis was under the AS in Hospitality Industry Management Program.

7/ Program was reinstituted in April of 2010 as AS in Pre-Architectural Drafting. Previous program title was Architectural Engineering Technology in the 2002-2003 catalog.

8/ Program archieved in September of 2008. One student remained continuously enrolled and received an AS in Early Childhood Education.

9/ Program was adopted in April of 2009.

10/ From Fall 2003 through Spring 2010, the Tourism & Travel Management emphasis was under the AS in Hospitality Industry Management Program.

11/ Program archived in May of 2006; however, one student remains continuously enrolled.

12/ Program replaced with CERT in Automotive Service Technology in Fall of 2006; however, one student remains continuously enrolled.

13/ Program reinstituted in May of 2010 and last appeared in the 1999-2000 catalog.

14/ Program adopted in April of 2007 and began in Fall of 2007.

15/ Program adopted in July 2009.

16/ Program archived in September 2008; hoever, one student remains continuously enrolled.

17/ Program reinstituted in April of 2009 and prvious program title was a Certificate in Basic Surveying.

18/ Program archieved in April 2009.

19/ Program discontinued in Fall of 2009; there have been no new registrations.

Source: Guam Bankers Association

1/ Excludes Credit Union Banking Institutions.

2/ Consumer Loans include Credit cards, personal loans, automobile loans etc.

3/ Commercial Loans include both commercial real estate loans, e., commerical mortgages, other business loans and loans to the government, which are not accounted for elsewhere and mortgage loans for dwellings with four or fewer housing units, e.g., quad-plexes or less.

4/ Real Estate Loans includes both loans retained on the institution's books and loans that are sold to third parties.

Note: "Other" loans, which are primarily the temporary loans provided to good customers when they accidently and infrequently overdraw their depository accounts, and are not reported to the Bankers Association; that data would be available in reports provided to the FDIC (for the seven insured banks) and to the Guam Banking Commission at the Department of Revenue and Taxation.

Includes mortgage loans sold to the Federal Home Loan Mortgage Corporation "Freddie Mac" or the Federal National Mortgage Association "Fannie Mae", as well as commerical loans that have been sold, in whole or in part to other banks, but are still serviced by Guam banks.

Aggregated data are provided by the following banks: Allied Banking Corp., ANZ Bank, Bank of Guam, Bank of Hawaii, BankPacific, CitiBank, First Commercial Bank, First Hawaiian Bank, Citizens Security Bank, Metro Bank & Trust Co., and Oceanic Bank.

Symbol "..." indicates not available.

Source: Guam Memorial Hospital Authority and Department of Public Health and Social Services, Government of Guam

Note: Inpatient is a person who is admitted to hospital for medical, surgical or obstetric treatment, observation or care and stays at least one night. Includes persons if formally admitted by the hospital as "boarders", and patients who die in hospital or are transferred to another hospital on the day of admission. Day patient is a person who is admitted and discharged on the same day. Day patients do not include those patients who died in the hospital or transferred to another hospital.

1/ Beds decreased due to Typhoon Pongsona in December 2002 and the renovation in 2012.

2/ Includes licensed military physicians working part-time at Guam Memorial Hospital.

The Uniform Crime Report Program counts one offense for each female victim of a forcible rape, attempted forcible rape, or assault with intent to rape, regardless of age.
Forible Rape: The carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included. However statutory rape (without force) are excluded. Program classifies as Part II offenses all other crimes of sexual nature and, as such, collects only arrest statistics concerning them.

Table 15-04 . Offenses Reported, Guam: 2008 to 2012

1/ Days away from work include those that result in days away from work with or without job transfer or restriction. Excludes farms with fewer than 11 employees. Dashes indicate data not available.

2/ Median days away from work is the measure used to summarize the varying lengths of absences from work among the cases with days away from work. Half the cases involved more days and half involved less days than a specified median. Median days away from work are represented in actual values.

Note: Because of rounding, components may not add to totals. Dashes indicate data not available.

Source: Occupational Employment Statistics, Bureau of Labor Statistics, Guam Department of Labor, Government of Guam

1/ Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately.
Estimates do not include self-employed workers.

2/ Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours;
for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported
reported survey data

3/ The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error,
the more precise the estimate.

4/ Wages for some occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.

5/ This wage is equal to greater than $90.00 per hour or $187,199 per year.

8/ Estimates not released.

Table 16-36.2 . State Occupational Employment and Wage Estimates, Guam: May 2012

1/ Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately.
Estimates do not include self-employed workers.

2/ Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours;
for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported
reported survey data

3/ The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error,
the more precise the estimate.

4/ Wages for some occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.

5/ This wage is equal to greater than $90.00 per hour or $187,199 per year.

8/ Estimates not released.

Source: Occupational Employment Statistics, Bureau of Labor Statistics, Guam Department of Labor, Government of Guam

1/ Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately.
Estimates do not include self-employed workers.

2/ Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours;
for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported
reported survey data

3/ The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error,
the more precise the estimate.

4/ Wages for some occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.

5/ This wage is equal to greater than $90.00 per hour or $187,199 per year.

8/ Estimates not released.

1/ Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately.
Estimates do not include self-employed workers.

2/ Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours;
for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported
reported survey data

3/ The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error,
the more precise the estimate.

4/ Wages for some occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.

5/ This wage is equal to greater than $90.00 per hour or $187,199 per year.

8/ Estimates not released.

Table 18-09 . Child and Adult Care Food Program, Guam: Fiscal Years 2006 to 2012

Description	FY2012	FY2011 R	FY2010	FY2009	FY2008	FY2007	FY2006
Average Daily Attendance	807	764	936	784	884	834	403
Total meals served	340,848	343,664	350,331	348,985	326,606	301,482	172,155
Cash payments (US Dollars)	357,336	345,097	339,268	311,736	287,820	276,392	51,127

Source: Food and Nutrition Service, USDA. All data are subject to revision.

Payments to State agencies are based on per meal rates which are adjusted annually to offset changes in food prices. Administrative costs not included.

Average daily attendance data are reported on a quarterly basis only (March, June, September, and December). The average daily attendance is not adjusted for absenteeism, unlike the participation data in the National School Lunch and School Breakfast Programs.

R = Revised

GLOSSARY

_A _

Age_Sex Structure — The age-sex structure is the composition of a population as determined by the number or proportion of males and females in each age category. The age_sex structure of a population is the cumulative result of past trends in fertility, mortality, and migration. Information on age_sex composition is essential for the description and analysis of many other types of demographic data. See also *Population Pyramid*.

Average — The average is the amount obtained by dividing the aggregate or total of a particular variable in the statistical universe by the number of units in that universe.

_ B _

Bankruptcy — A legal procedure for dealing with debt problems of individuals and businesses. These procedures are covered under Title 11 of the United States Code (Bankruptcy Code). Bankruptcy laws help people who can no longer pay their creditors get a fresh start by liquidating their assets to pay their debts, or be creating a repayment plan. Bankruptcy laws also protect troubled businesses and provide for orderly distributions to business creditors through reorganization or liquidation.

Birth — A birth (live birth) is the complete expulsion or extraction from is mother of a product of human conception, irrespective of the duration of the pregnancy, which, after such expulsion or extraction, breathes or shows any other evidence of life such as beating of the heart, pulsation of the umbilical cord or definite movement of the voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached.

Birth Rate — The birth rate is the number of live births per 1,000 population in a given year. It should not be confused with the growth rate. See also *Growth Rate*.

_ C _

Census — A census is the canvassing of a given area, resulting in an enumeration of the entire population and often the compilation of other demographic, social, and economic information pertaining to that population at a specific time. See also *Survey*.

Census Designated Place — Census designated places (CDP) are delineated for each decennial census to provide census data for concentrations of population, housing, and commercial structures that are identifiable by name but are not within an incorporated place. CDP boundaries usually are defined in cooperation with state, local, and tribal officials. CDP boundaries may change from one decennial census to the next with changes in the settlement pattern; a CDP with the same name as in an earlier census does not necessarily have the same boundary. All places in Guam are CDPs.

Child Abuse and Neglect	Child abuse and neglect is at a minimum any recent act or failure on the part of a parent or caretaker which results in death, serious physical or emotional harm, sexual abuse or exploitation; or an act or failure to act which presents an imminent risk of serious harm.
Childbearing Years	Childbearing years is the reproductive age span of women, assumed for statistical purposes to be 15_44 or 15_49 years of age.
Civilian	A civilian is a person who is not in the armed forces, including dependent members of the armed forces.
Civilian Labor Force	The civilian labor force is all persons 16 years and older employed for pay or profit plus those who are unemployed but seeking work. See also *Employed*, *Unemployed*, and *Not in Labor Force*.
Cohort	A group of people sharing a common temporal demographic experience who are observed through time. For example, the birth cohort of 1900 is the people born in that year.
Consumer Price Index	The Consumer Price Index (CPI) measures the rate at which the prices of consumer goods and services are changing over time. In practice, most CPIs are calculated as weighted averages of the percentage price changes for a specified set, or ‘‘basket’’, of consumer products, the weights reflecting their relative importance in household consumption in some period. A monthly or quarterly price index compiled and published by an official statistical agency that measures changes in the prices of consumption goods and services acquired or used by households.
Crude Birth Rate	See *Birth Rate*.
Crude Death Rate	See *Death Rate*.
Crude Divorce Rate	See *Divorce Rate*.

_ D _

Death	Death is the permanent loss of all evidence of life after a live birth has occurred.
Death Rate	The death rate is the number of deaths per 1,000 population in a given year.
Defined Benefit Plan	The Defined Benefit Plan provides for retirement, disability, and survivor benefits to members of the plan prior to October 1,1995 (all government employees are required to participate in the Defined Contribution Plan after October 1, 1995). Under the Defined Benefit Plan, retirement benefits are based on age and/or years of credited service and an average of the three (3) highest annual salaries received by a member during the years of credited service, or six thousand ($6,000), whichever is greater.

Defined Contribution Plan	Created by Public Law 23-42:3, this plan provides an individual account retirement system for any person who is employed by the Government of Guam. This plan is a single-employer pension and is the only plan for all new employees whose employment commences on or after October 1, 1995.
Density	Population density and housing unit density are computed by dividing the total population or number of housing units within a geographic entity by the land area of that entity measured in square kilometers or square miles. Density is expressed as both ‘‘people (or housing units) per square kilometer’’ and ‘‘people (or housing units) per square mile’’ of land area.
Dependency Ratio	The ratio of the economically dependent part of the population to the productive part; arbitrarily defined as the ratio of the elderly (ages 65 and older) plus the young (under age 15) to the population in the working ages (ages 15_64).
Disability Status	Disability status was derived from answers to two Census questionnaire items. The first asked about the existence of the following long_lasting conditions: (a) blindness, deafness, or a severe vision or hearing impairment (sensory disability) and (b) a condition that substantially limits one or more basic physical activities, such as walking, climbing stairs, reaching, lifting, or carrying (physical disability) for the population 5 years old and over. Disability status was also determined by asking if the individual had a physical, mental, or emotional condition lasting 6 months or more that made it difficult to perform activities in four categories: (a) learning, remembering, or concentrating (mental disability); (b) dressing, bathing, or getting around inside the home (self_care disability); (c) going outside the home alone to shop or visit a doctor’s office (going outside the home disability); and (d) working at a job or business (employment disability). Individuals were classified as having a disability if any of the following three conditions were true: (1) they were 5 years old and over and had a response of ‘‘yes’’ to a sensory, physical, mental or self_care disability; (2) they were 16 years old and over and had a response of ‘‘yes’’ to going outside the home disability; or (3) they were 16 to 64 years old and had a response of ‘‘yes’’ to employment disability.
Divorce	A divorce is the legal termination of a marriage.
Divorce Rate	The divorce rate is the number of divorces per 1,000 population in a given year.

_ E _

Educational Attainment	The classification of people according to the level of education attained (the highest level of school completed or the highest degree received).
Election District	An election district is the official term for what is commonly called a "village"; there are the nineteen (19) election districts or villages on Guam.
Emotional Abuse	Patterns of behavior that attacks a person's emotional development and sense of self worth (name calling, blaming, belittling, terrorizing, isolation, humiliation, and rejection).
Emotional Neglect	Purposely not providing for a person's emotional needs (marked inattention to the person's need for affection, refusal or failure to provide needed psychological care)
Employed	All civilians 16 years old and over were classified as employed if they were ''at work'' or ''with a job but not at work'' during the reference week, including temporarily absent. See also *Unemployed* and *Not in Labor Force*.
Ethnic Origin	Ethnic origin refers to an individual's origin or descent, ''roots,'' heritage, or place where the individual or his/her parents or ancestors were born. Respondents reported their ethnic group regardless of the number of generations removed from their place or origin. Responses to the ethnic origin or race question reflected the groups with which respondents identified and not necessarily the degree of attachment or association the individual had with the particular group(s). See also *Race*.
Ethnicity	The cultural practices, language, cuisine, and traditions — not biological or physical differences — used to distinguish groups of people.

_ F _

Family	A family includes a householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption. All people in a household who are related to the householder are regarded as members of his or her family. A family household may contain people not related to the householder, but those people are not included as part of the householder's family in census tabulations. Thus, the number of family households is equal to the number of families, but family households may include more members than do families. A household can contain only one family for purposes of census tabulations. Not all households contain families since a household may be comprised of a group of unrelated people or of one person living alone.
Family Income	In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

Fertility

The data on fertility (also referred to as ‘‘children ever born’’) were derived from the answers to the Census question which asked women 15 years old and over—regardless of their marital status—how many babies they have ever had. Stillbirths, stepchildren, and adopted children were excluded from the number of children ever born. Data are most frequently presented in terms of the aggregate number of children ever born to women in specified population groups and in terms of the rate per 1,000 women.

Fetal Death

A fetal death is a death prior to the complete expulsion or extraction from its mother of a product of human conception, irrespective of the duration of the pregnancy; the death is indicated the fact that after such expulsion or extraction the fetus does not breathe or show any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles.

Freely Associated States

The Freely Associated States (FAS) consists of the Federated States of Micronesia (FSM), Republic of the Marshall Islands (RMI), and the Republic of Palau. Formerly a part of the Trust Territory of the Pacific Islands (TTPI), they became independent nations in free association with the United States.

_ G _

General Fertility Rate

The general fertility rate (GFR) is the number of live births per 1,000 women ages 15_44 or 15_49 years in a given year.

Gross Domestic Product

The gross domestic product (GDP) is the total market value of all the goods and services produced within a country in a given period of time.

Gross Reproduction Rate

The gross reproductive rate (GRR) is the average number of daughters that would be born alive to a woman (or group of women) during her lifetime if she passed through her childbearing years conforming to the age_specific fertility rates of a given year. See also *Net Reproduction Rate* and *Total Fertility Rate.*

Group Quarters

Group quarters is used to describe places in which people reside that are not considered “housing units,” such as prisons, long-term care hospitals, military barracks, and dormitories. The group quarters population includes all people not living in households. Two general categories of people in group quarters are recognized:

(1) the institutionalized population which includes people under formally authorized, supervised care or custody in institutions at the time of enumeration. Such people are classified as ‘‘patients or inmates’’ of an institution regardless of the availability of nursing or medical care, the length of stay, or the number of people in the institution. Generally, the institutionalized population is restricted to the institutional buildings and grounds (or must have passes or escorts to leave) and thus have limited

interaction with the surrounding community. Also, they are generally under the care of trained staff who have responsibility for their safekeeping and supervision, and

(2) the noninstitutionalized population which includes people who live in group quarters other than institutions. It also includes staff residing in military and nonmilitary group quarters on institutional grounds who provide formally authorized, supervised care or custody for the institutionalized population.

Growth Rate — The growth rate is a general expression of the number of people added to (or subtracted from) a population in a year due to natural increase and net migration expressed as a percentage of the population at the beginning of the time period.

_ H _

Homeless — According to the Stewart B. McKinney Act, 42 U.S.C. § 11301, et seq. (1994), a person is considered homeless who "lacks a fixed, regular, and adequate night_time residence and; and... has a primary night time residency that is: (A) a supervised publicly or privately operated shelter designed to provide temporary living accommodations... (B) an institution that provides a temporary residence for individuals intended to be institutionalized, or (C) a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings." 42 U.S.C. § 11302(a) The term "'homeless individual' does not include any individual imprisoned or otherwise detained pursuant to an Act of Congress or a state law." 42 U.S.C. § 11302(c).

Household — A household includes all of the people who occupy a housing unit. (People not living in households are classified as living in group quarters.) Separate living quarters are those in which the occupants live separately from any other people in the building and that have direct access from the outside of the building or through a common hall. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated people who share living quarters.

Household Income — Household income is the sum of all incomes of all members 15 years old and over of a household which are treated as a single amount.

Housing Unit — A housing unit is a house, an apartment, a mobile home, a group of rooms, or a single room occupied (or if vacant, intended for occupancy) as separate living quarters. See also *Tenure*.

HTSUSA — Acronym for *Harmonized Tariff Schedule for the United States Annotated.* The HTSUSA provides the applicable tariff rates and statistical categories for all merchandise imported into the United States. It is based on the international Harmonized System, the global system of nomenclature that is used to describe most world trade in goods.

_ I _

Income	Income is the wages or revenue accruing from labor, business enterprise, or investments. See also *Household Income*, *Family Income*, *Individual Income*, *Mean Income*, *Median Income*, and *Per Capital Income*.
Individual Income	Income for individuals is obtained by summing the total income for each person.
Immigration	Immigration is the process of entering one country from another to take up permanent or semi-permanent residence.
Industry	Industry relates to the kind of business conducted by a person's employing organization described by its economic product or activity.
Infant Death	An infant death is a death occurring to an individual of less than one year of age
Infant Mortality Rate	The infant mortality rate is the number of deaths of infants under one year of age per 1,000 live births in a given year.

_ L _

Labor Force	The labor force is all persons employed for pay or profit plus those who are unemployed but seeking work. See also *Employed*, *Unemployed*, and *Not in Labor Force*.
Life Expectancy	Life expectancy is the average number of additional years a person could expect to live if current mortality trends were to continue for the rest of that person's life. It is most commonly cited as life expectancy at birth.

_ M _

Marriage	A marriage is a social institution involving legal or religious sanction whereby a man and a woman are joined together for the purpose of founding a family unit (traditional).
Maternal Death	A maternal death is a death wherein the physician has designated a maternal condition as the underlying cause of death.
Mean	This measure represents an arithmetic average of a set of values. It is derived by dividing the sum (or aggregate) of a group of numerical items by the total number of items in that group.
Mean Age	The mathematical average age of all the members of a population.
Mean Income	Mean income is the amount obtained by dividing the aggregate income of a particular statistical universe by the number of units in that universe. Thus, mean household income is obtained by dividing total household income by the total number of households.

Median	The median divides a distribution into two equal parts: one_half of the cases falling below the median income and one_half above the median. This measure represents the middle value (if n is odd) or the average of the two middle values (if n is even) in an ordered list of n data values. The median divides the total frequency distribution into two equal parts: one_half of the cases falling below the median and one_half above the median.
Median Age	The age that divides a population into two numerically equal groups; that is, half the people are younger than this age and half are older.
Median Income	The median divides the income distribution into two equal parts: one_half of the cases falling below the median income and one_half above the median. For households and families, the median income is based on the distribution of the total number of households and families including those with no income.
Migration	The movement of people across a specified boundary for the purpose of establishing a new or semi-permanent residence. Divided into international migration (migration between countries) and internal migration (migration within a country).
Minor Civil Division	Minor Civil Divisions (MCD) are the primary governmental or administrative divisions of a first_order subdivision. On Guam, they are Guam's election districts (villages). The MCDs in Guam are geographic subdivisions of the first_order subdivision(s) and are not governmental units.
Mortality	Mortality is a general term for deaths as a component of population change.

_ N _

Natality	Natality is a general term for births as a component of population change.
Natural Increase (Decrease)	The surplus (or deficit) of births over deaths in a population in a given time period.
Neonatal Death	A neonatal death is death occurring to an individual of less than 28 days of age.
Neonatal Mortality Rate	The neonatal mortality rate is the number of deaths of infants under 28 days of age in a given year per 1,000 live births in that year.
Net Migration	The net effect of immigration and emigration on an area's population in a given time period, expressed as an increase or decrease.

Net Migration Rate

The net effect of immigration and emigration on an area's population, expressed as an increase or decrease per 1,000 population of the area in a given year.

Net Reproduction Rate

The net reproduction rate (NRR) is the average number of daughters that would be born to a woman (or a group of women) if she passed through her lifetime conforming to the age_specific fertility and mortality rates of a given year. This rate is similar to the gross reproduction rate but takes into account that some women will die before completing their childbearing years. An NRR of one means that each generation of mothers is having exactly enough daughters to replace itself in the population. See also *Total Fertility Rate*.

Not in Labor Force

All people 16 years old and over who are not classified as members of the labor force. This category consists mainly of students, individuals taking care of home or family, retired workers, seasonal workers enumerated in an off_season who were not looking for work, institutionalized people (all institutionalized people are placed in this category regardless of any work activities they may have done in the reference week), and people doing only incidental unpaid family work (fewer than 15 hours during the reference week). See also *Employed* and *Unemployed*.

Nuptiality

Nuptiality is the general term for the frequency, characteristics, and dissolution of marriages in a population.

_ O _

Occupation

Occupation describes the kind of work a person does on the job or a position in the labor force..

_ P _

Part I Offense

Part I Offenses is the first of two main groupings of Uniform Crime Reporting Program (UCR) crime classifications consisting of eight offenses reported whether or not they involve arrests:

1. Criminal Homicide,
2. Forcible Rape
3. Robbery
4. Aggravated Assault
5. Burglary 6. Larceny_theft (except motor vehicle theft)
7. Motor Vehicle Theft
8. Arson

See also *Part II Offenses* and *Uniform Crime Report*.

Part II Offense

Part II Offenses is the second of the two main Uniform Crime Reporting Program (UCR) groupings of crime classifications not already designated in Part I. Agencies are limited to reporting arrest information only for Part I offenses with the exception of simple assault.

Law enforcement agencies report to the FBI only arrest data involving the Part II crimes:

9. Other Assaults
10. Forgery and Counterfeiting
11. Fraud
12. Embezzlement
13. Stolen Property: Buying, Receiving, Possessing
14. Vandalism
15. Weapons: Carrying, Possessing, etc.
16. Prostitution and Commercialized Vice
17. Sex Offenses
18. Drug Abuse Violations
19. Gambling
20. Offenses Against the Family and Children
21. Driving Under the Influence
22. Liquor Laws
23. Drunkenness
24. Disorderly Conduct
25. Vagrancy
26. All Other Offenses
27. Suspicion
28. Curfew and Loitering Laws—(Persons under 18)
29. Runaways—(Persons under 18)

See also *Part II Offenses* and *Uniform Crime Report*.

Per Capita Income

The per capita income is the amount obtained by dividing the aggregate income of all individuals, including those without incomes, by the total number of individuals.

Percentage

This measure is calculated by taking the number of items in a group possessing a characteristic of interest and dividing by the total number of items in that group, and then multiplying by 100.

Permanent Resident

A permanent resident is any person not a citizen of the United States who is residing in the U.S. under legally recognized and lawfully recorded permanent residence as an immigrant (also known as "Permanent Resident Alien", "Lawful Permanent Resident," "Resident Alien Permit Holder," and "Green Card Holder"). See also *Temporary Resident*.

Physical Abuse

Non-accidental injury of a person (punching, beating, kicking, biting, burning, shaking, otherwise harming a person).

Physical Neglect	Purposely failure to act on behalf or to provide adequately for the person (refusal of or delay in seeking health care, abandonment, expulsion from home).
Place	Places, for the reporting of decennial census data for the Pacific Island Areas, include census designated places (CDP) and incorporated places.
Population	The total population of a country may comprise either all usual residents of the country (de jure population) or all persons present in the country (de facto population) at the time of the census. For purposes of international comparisons, the de facto definition is recommended.
Population Estimate	Population estimates are approximations of current or past population of an area at a given time, or its distribution or composition in absence of complete enumeration.
Population Density	The population density is the population per unit of land area; for example, people per square mile or people per square kilometer of arable land.
Population Projection	Population projections are the computations of future changes in population numbers, given certain assumptions about future trends in the rates of fertility, mortality, and migration. Demographers often issue low, medium, and high projections of the same population, based on different assumptions of how these rates will change in the future.
Population Pyramid	A bar chart, arranged vertically, that shows the distribution of a population by age and sex. By convention, the younger ages are at the bottom, with males on the left and females on the right.
Poverty	Poverty is an economic and social condition for an individual, family, or household whose level of living in terms of food, housing, clothing, medical needs, and so on are determined to be below the community standard. Following the Office of Management and Budget's (OMB) Statistical Policy Directive 14 (1978), the Census Bureau uses a set of money income thresholds designed in the 1960s that vary by family size and composition to determine who is poor. If a family's total income is less than that family's threshold, then that family, and every individual in it, is considered poor. The poverty thresholds do not vary geographically, but they are updated annually for inflation using the Consumer Price Index (CPI_U). The official poverty definition counts money income before taxes and does not include capital gains and noncash benefits (such as public housing, medicaid, and food stamps). Poverty is not defined for people in military barracks or institutional group quarters or for unrelated individuals under age 15 (such as foster children). They are excluded from the poverty universe — that is, they are considered neither as “poor” nor as “nonpoor.”

Poverty Status

For the 2000 Census, the poverty status of families and unrelated individuals in 1999 was determined using 48 thresholds (income cutoffs) arranged in a two dimensional matrix. The matrix consists of family size (from 1 person to 9 or more people) cross_classified by presence and number of family members under 18 years old (from no children present to 8 or more children present). Unrelated individuals and 2_person families were further differentiated by the age of the reference person (RP) (under 65 years old and 65 years old and over).

To determine a person's poverty status, one compares the person's total family income with the poverty threshold appropriate for that person's family size and composition. If the total income of that person's family is less than the threshold appropriate for that family, then the person is considered poor, together with every member of his or her family. If a person is not living with anyone related by birth, marriage, or adoption, then the person's own income is compared with his or her poverty threshold.

_ Q _

Quartile

Quartile is a measure that divides a distribution into four equal parts. The first quartile (or lower quartile) is the value that defines the upper limit of the lowest one_quarter of the cases. The second quartile is the median. The third quartile (or upper quartile) is defined as the upper limit of the lowest three quarters of cases in the distribution. Quartiles are presented for certain financial characteristics, such as housing value and contract rent. The distribution used to compute quartiles is the same as that used to compute medians for that variable.

Quintile

Quintile is a measure that divides a distribution into five equal parts on the basis of the ranked total incomes. Hence, the lowest quintile is the bottom 20 percent of the population or households; the highest quintile is the highest 20 percent on the same basis.

_ R _

Race

The racial classification used by the Census Bureau adheres to the October 30, 1997, Federal Register Notice entitled ''Revisions to the Standards for the Classification of Federal Data on Race and Ethnicity'' issued by the Office of Management and Budget (OMB). These standards govern the categorization of race in census data products. The OMB identified five minimum race categories (White, Black or African American, American Indian or Alaska Native, Asian, and Native Hawaiian or Other Pacific Islander). In addition to the five race groups, the OMB also states that respondents should be offered the option of selecting one or more races. See also *Ethnic Origin*.

Rate

A rate is a measure of occurrences in a given period of time divided by the possible number of occurrences during that period. Rates are sometimes presented as percentages.

Rate of Natural Increase (or Decrease)

The rate of natural increase (or decrease) measures the population increase (or decrease) in a given year due to a surplus (or deficit) of births over deaths, expressed as a percentage of the base population.

Ratio

A ratio is a measure of the relative size of one number to a second number expressed as the quotient of the first number divided by the second. For example, the sex ratio is calculated by dividing the total number of males by the total number of females, and then multiplying by 100.

Rural

See *Urban and Rural*.

_ S _

Sex Ratio

The sex ratio is a measure derived by dividing the total number of males by the total number of females, and then multiplying by 100.

Survey

A survey is a canvass of selected persons or households in a population usually used to infer demographic characteristics or trends for a larger segment or all of the population. See also *Census*.

_ T _

Temporary Resident

A temporary resident is a nonimmigrant alien who seeks temporary entry to the United States for a specific purpose. The alien must have a permanent residence abroad (for most classes of admission) and qualify for the nonimmigrant classification sought. The nonimmigrant classifications include: foreign government officials, visitors for business and for pleasure, aliens in transit through the United States, treaty traders and investors, students, international representatives, temporary workers and trainees, representatives of foreign information media, exchange visitors, fiancé(e)s of U.S. citizens, intracompany transferees, NATO officials, religious workers, and some others. Most nonimmigrants can be accompanied or joined by spouses and unmarried minor (or dependent) children. See also *Permanent Resident*.

Tenure

Tenure represents the condition or nature by which occupancy of a housing unit is held. All occupied housing units are classified as either owner occupied or renter occupied. A housing unit is owner occupied if the owner or co_owner lives in the unit even if it is mortgaged or not fully paid for. All occupied housing units that are not owner occupied, whether they are rented for cash rent or occupied without payment of cash rent, are classified as renter occupied.

Total Fertility Rate (TFR)

The total fertility rate is the average number of children that would be born alive to a woman (or group of women) during her lifetime if she were to pass through her childbearing years conforming to the age_specific fertility rates of a given year. This rate is sometimes stated

as the number of children women are having today. See also *Gross Reproduction Rate* and *Net Reproduction Rate*.

_ U _

Unemployed

All civilians 16 years old and over were classified as unemployed if they were neither ‘‘at work’’ nor ‘‘with a job but not at work’’ during the reference week, were looking for work during the last 4 weeks, and were available to start a job. Also included as unemployed were civilians 16 years old and over who: did not work at all during the reference week, were on temporary layoff from a job, had been informed that they would be recalled to work within the next 6 months or had been given a date to return to work, and were available to return to work during the reference week, except for temporary illness. See also *Employed* and *Not in Labor Force*.

Uniform Crime Report (UCR)

Uniform crime reporting is a collective effort on the part of city, county, state, tribal, and federal law enforcement agencies to present a nationwide view of crime. Agencies throughout the country participating in the Uniform Crime Reporting (UCR) Program provide summarized reports on eight Part I offenses known to law enforcement and reports on persons arrested. They also provide information about law enforcement officers killed and assaulted and on hate crime.

The UCR Program divides offenses into two groups—Part I and Part II. The Program collects data on all Part I offenses that become known to law enforcement whether or not they involve arrests. These crime totals are essential to measuring the level and scope of crimes occurring across the country. Part II offenses are all crime classifications other than those defined as Part I. The UCR Program collects arrest data for both Part I and Part II offenses. See also *Part I Offenses* and *Part II Offenses*.

Urban and Rural

The U.S. Census Bureau classifies as urban all territory, population, and housing units located within urbanized areas (UAs) and urban clusters (UCs). It delineates UA and UC boundaries to encompass densely settled territory, which generally consists of:

- A cluster of one or more block groups or census blocks each of which has a population density of at least 1,000 people per square mile at the time, and
- Surrounding block groups and census blocks each of which has a population density of at least 500 people per square mile at the time, and
- Less densely settled blocks that form enclaves or indentations, or are used to connect discontiguous areas with qualifying densities.

Rural consists of all territory, population, and housing units located outside of UAs and UCs. Geographic entities such as first_order subdivisions, minor civil divisions, and places often contain both urban and rural territory, population, and housing units.

The urban and rural classification applies to the 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands of the United States.

There are UCs in all the Pacific Island Areas, but only the Northern Mariana Islands has a UA (Saipan).

Urban Cluster (UC)

An urban cluster (UC) consists of densely settled territory that has at least 2,500 people but fewer than 50,000 people, except in Guam. By agreement with the Government of Guam, the U.S. Census Bureau recognizes Hagåtña as a UC rather than an urbanized area.

Urbanized Area (UA)

An urbanized area (UA) consists of densely settled territory that contains 50,000 or more people, except in Guam (see below). The U.S. Census Bureau delineates UAs to provide a better separation of urban and rural territory, population, and housing in the vicinity of large places.

_ V _

Veterans Status

For Census data products, a civilian veteran is a person 18 years old and over who, at the time of the enumeration, had served on active duty in the U.S. Army, Navy, Air Force, Marine Corps, or Coast Guard in the past (even for a short time), but was not then on active duty, or who had served in the Merchant Marine during World War II. People who had served in the National Guard or Military Reserves were classified as veterans only if they had ever been called or ordered to active duty, not counting the 4 to 6 months for initial training or yearly summer camps. All other civilians 18 years old and over were classified as nonveterans.

Vital Statistics

Vital statistics is the collection of Demographic data on births, deaths, fetal deaths, marriages, divorces, and related events usually compiled through a registration system or other administrative record system.
